

TOWN OF BEDFORD  
WESTCHESTER COUNTY, NY  
DEPARTMENT OF PUBLIC WORKS

Kevin Winn, P.E.  
Commissioner of Public Works

NOTICE OF EWASTE COLLECTION SERVICE CHANGE

CRT MONITORS AND TELEVISIONS CANNOT BE ACCEPTED  
AT THE TOWN OF BEDFORD RECYCLING CENTER

Our ewaste vendor is no longer able to collect, transfer, and recycle CRT containing devices free of charge. **CRT containing devices include “old style” televisions and monitors that are not the flat screen type. CRT containing devices will not be accepted at the Town of Bedford recycling center effective November 1, 2013.**

The Town will continue to provide free collection of all New York State Covered Electronics EXCEPT CRT-containing devices. Ewaste collection is at the Bedford Recycling Center, Adams Street at Payne Avenue, Bedford Hills. The recycling center is open on Tuesday, Thursday and Saturday from 8:00 AM to 3:00 PM.

We hope that the NYS DEC and the manufacturers of the electronic equipment will come together to work closer with recyclers and other stakeholders to develop a more sustainable recycling system moving forward. If appropriate and reliable funding becomes available in the future, we will reconsider accepting CRT devices.

CRT containing devices may be disposed of at the Westchester County Hazardous Material Recovery Facility, 15 Woods Road, Valhalla, NY, 813-5425, <http://environment.westchestergov.com/facilities/h-mrf> for a fee, which is currently \$10. They may also be disposed of at some locations that sell televisions and computers.

Please contact Bedford DPW at 666-7669 with any questions.
