Katonah Museum of Art, In the Beitzel and Righter Galleries through January 24, 2016. View images from this exhibition . This exhibition brings together the work of contemporary artists who transform natural and man-made materials and provide new pivots and vantage points onto our contemporary environment. Throughout the exhibition there is an abiding sense of how contemporary artists create enlightening and unexpected encounters with the objects and things that shape our day-to-day situations. Their work prompts deep experiences of the actual and imaginative relationships that we have with our environment and also our positions within it. This exhibition is curated by Charlotte Cotton.
