

NOTICE IS HEREBY GIVEN that sealed bids are requested for furnishing equipment, supplies or materials, or for performing work according to Specifications of a Contract to be awarded by the Town of Bedford for:

**RESURFACING AND REPAIRS WITH ASPHALT CONCRETE OF VARIOUS STREETS
WITHIN THE TOWN OF BEDFORD, NEW YORK
FOR THE YEAR 2016 AS DESCRIBED IN THE SPECIFICATION SHEETS ATTACHED
HERETO**

The 2016 Budget for the Town of Bedford, NY road resurfacing is \$1.1 million. It is intended that the majority of these funds be spent on work under this bid, although that amount is not guaranteed.

This bid will be received at the Office of the TOWN CLERK, TOWN OF BEDFORD, New York, 321 Bedford Rd. Bedford Hills, NY 10507 until 1.00 o'clock p.m. **MARCH 23, 2016**, and is to be enclosed in a sealed envelope with a description of the above title on the outside of the envelope with the name of the person or persons making the same and their addresses, and addressed to the Town Clerk, 321 Bedford Rd., Bedford Hills, NY 10507 said bid will be publicly opened and read at or about 1.00 o'clock p.m., at the Town Hall on the above mentioned date.

Contract Documents may be obtained from the bottom section of Town's Department of Public Works website, which can be accessed at <http://www.bedfordny.gov/departments/dpw/> between MARCH 4, 2016 and MARCH 23, 2016. Vendors that download the documents are required to provide their company name, email address, phone number, and mailing address by email to highway@bedfordny.gov in order to receive any bid addenda that may be issued.

The following documents are attached:

- 1) INSTRUCTIONS TO BIDDERS
- 2) BID
- 3) SPECIFICATIONS
- 4) NON-COLLUSION STATEMENT
- 5) CONTRACT

Bids shall be made on the Bid Forms furnished with the Specifications.

The Town of Bedford reserves the right to reject any and all Bids, to waive any informality in any Bid, and to award the Contract to other than the lowest Bidder if deemed in the best interest of the Town to do so. **This contract is to remain in effect from May 31, 2016 to December 31, 2016. However, if the Town of Bedford determines that it is in the Town's best interest, the contract will be extended (with the bid pricing / provisions so provided by the vendor at the time of bid) until December 31, 2017 and each year thereafter for up to a total of 4 years – i.e. December 31, 2020 (if mutually agreeable to both the Town of Bedford and the Vendor awarded this contract.)**

MARCH 4, 2016

By Order of the Town Board

By Lisbeth Fumagalli, Town Clerk

INSTRUCTIONS TO BIDDERS

Bids shall be made and received upon the following conditions:

1. Before bidding, Contractors are requested to fully examine the specifications.
2. Bidders are required to form their own judgment of the character of the work, by personal examination of the specifications relating to the work.
3. Bidders are required to express in writing and also in numerals, the price for which they will agree to execute and perform the various work stated.
4. The price so named is to cover the cost of furnishing all labor, material, and of performing all the work under this contract, in accordance with the specifications and every expense incidental to the execution of the work.
5. No deviation from the plans and specifications will be permitted, nor shall any extra compensation be claimed or allowed beyond the prices named in the bid.
6. Bids that contain any omission, erasures, alterations, additions, or items not called for in itemized Bid, or that contains irregularities of any kind, may constitute sufficient cause for rejection of the bid. In case of any discrepancy in the price or amount bid in the Bid, the price, as expressed in words, shall govern. All bids must be submitted in sealed envelopes addressed to the Town Board, Bedford, New York, Westchester County, New York and be clearly identified with: (1) Project Name, (2) Name of Bidder and Address. Bids shall be signed with name typed below signature. The Bidder's seal, if a corporation shall be affixed under the Bidder's signature. Telephone, Facsimile or Telegraphic Bids will not be accepted.
7. All Performance Bonds must contain the following requirements:
 - A. Signature of Attorney-in-Fact signing on behalf of sureties and for the Officer or Owner signing on behalf of the Contractor/Vendor/Bidder and their names printed or typewritten below their corresponding signature;
 - B. Notary Acknowledgement for the Attorney-in-Fact signing on behalf of sureties and for the Officer or Owner signing on behalf of the Contractor/Vendor/Bidder, along with bond(s) and Power of Attorney; and
 - C. All bonds must be from surety companies licensed to do business in the State of New York, have a good history with respect to claims handling, and attach consent of surety.
8. The Bedford Commissioner of Public Works may make such investigations as he/she deems necessary to determine the qualifications of the Bidder to perform the work and the Bidder shall furnish information and data for this purpose as may be required. The Commissioner of Public Works and the Town of Bedford reserves the right to reject any bid if the evidence submitted by a Bidder, or the investigation of such Bidder, fails to satisfy the Commissioner/Town, that such Bidder is properly qualified to carry out obligations of the Contract and to complete the work contemplated therein within the time designated. Fraudulent statements shall cause rejections of Bid and forfeiture of bid security.

The investigation of a Bidder will seek to determine whether the organization is adequate in size, is authorized to do business in the jurisdiction where the project is located, has had previous similar experience and where available equipment and financial resources are adequate to assure Commissioner/ Town of Bedford that the work will be completed in accordance with the terms of the Agreement. The amount of other work to which the Bidder is committed may also be considered.

All Bidders shall be prepared to submit within five (5) days of Bedford Commissioner of Public Works request, written evidence of such information and data necessary to determine if Bidder is qualified to perform the work. Qualifications shall include a minimum of five (5) previous projects involving similar construction work. The Contractor shall have a minimum of 5 years of work experience of similar size and scope.

Technical capability and the ability to complete the project within the established time frame will also be part of the evaluation criteria along with any special status the bidder may have such as women-owned business and minority-owned business. Guidance on business classifications can be found in the Federal Acquisition Regulations (FAR) Subpart 19.1.

In evaluating Bids, the Bedford Commissioner of Public Works will consider the qualifications of only those Bidders that have submitted Bids are in compliance with the prescribed requirements.

9. If the bid is accepted, the successful Bidder will enter into a contract for the work or the goods, as the case may be, and will furnish an executed performance bond in the full amount of the contract price as security for the faithful performance of the terms, covenants and conditions of the contract and a labor and material bond in an equal amount of the full payment of all persons performing labor or furnishing material in connection therewith. The bonds shall have as surety thereon such surety company or companies as are acceptable to the Town and are authorized to transact business in the State of New York.

Work shall be guaranteed against defects for 6 months from the date of completion of all work in a calendar year. 5% retainage shall be held on all invoices for duration of 6 months from the approval of the final project invoice to ensure proper completion of the work and the 6 month warranty. If warranty repairs are not made within one month of notification to the Contractor, the Bedford Commissioner of Public Works shall have the right to make these repairs and deduct them from the project retainage.

All bonds are subject to the approval of the Town Attorney of the Town of Bedford as to adequacy, form and content.

10. The Town Board reserves the right to reject any or all bids submitted to it, to omit any item or items, to waive any informality in a bid or to approve minor changes in specifications if deemed advisable in the interests of the Town.
11. Upon acceptance of the bid, the successful Bidder shall execute a contract and furnish the required security within seven (7) days from the date of mailing of said contract by the Town of Bedford.
12. Where applicable, the contract will contain a provision that every mechanic, laborer and workman employed in or about the work contemplated by the contract shall be paid not less

than the prevailing rate of wages and provided with not less than the prevailing supplements as provided by Section 220 of the Labor Law of the State of New York.

13. All bids shall be in the prescribed form, and no other form shall be used. The prices must be written in ink in words and also stated in figures, and any bid not in accordance with these instructions or not on the blanks furnished, or containing bids not asked for, may be rejected. Where separate prices are required for various items, it is understood that the Town Board shall have complete discretion in awarding the contract as a whole or in part. Local and State sales taxes shall not be included in the bid.
14. The details of the insurance requirements related to this bid are contained in the contract and schedule thereto. All insurance as required hereunder shall run for the benefit of the Town of Bedford.
15. The notice to Bidders, these instructions, the specifications, the bid and the non-collusion statement shall be deemed to be part of the formal contract to be executed by the successful Bidder.

Price Adjustment Clause: Since asphalt cement prices may fluctuate, and to adjust equally to compensate for price fluctuations, bidder shall use the posted by NYSDOT (Average Posted Prices for Asphalt) for February 2016 (i.e. \$411.00 per ton) for the base price of asphalt cement at the time of their submission of bid (or at the time the bid is renewed if the contract becomes extended beyond 2016.) In requesting payment the vendor shall invoice the Town of Bedford for the number of tons at the bid price. An additional statement on the same invoice form will designate the adjustment based on the percentage of asphalt cement in the particular mix. This will be either an additional payment to the vendor or a credit to the Town if the asphalt cement cost identified above is over or under the established base price. NYSDOT Standard Specifications NYSDOT Average Posted Prices are available at: <https://www.dot.ny.gov/main/business-center/contractors/construction-division/fuel-asphalt-steel-price-adjustments?nd=nysdot>. ***The adjustment shall be made by taking the NYSDOT Average Posted Prices for Asphalt from the month the asphalt was installed and subtracting the NYSDOT Average Posted Prices for Asphalt from February 2016. The difference shall be multiplied by the percent of asphalt in the asphalt used.***

In requesting payment the vendor shall invoice the Town of Bedford for the number of tons at the bid price. An additional statement on the same invoice form will designate the adjustment based on the percentage of asphalt cement in the particular mix. This will be either an additional payment to the vendor or a credit to the Town if the asphalt cement cost identified above is over or under the established base price.

US Base Documentation of the price of asphalt will be submitted with invoices.

The 2016 Budget for the Town of Bedford, NY road resurfacing is approximately \$1.1 million. This is an estimated expenditure and is not guaranteed. Quantities in Column D of the itemized bid submission portion of this document are estimated for bid purposes and are also not guaranteed. The bid shall be awarded based on the total price at the last line of the itemized bid submission. Using the same budget amount, the Town placed approximately 11,500 tons of asphalt in 2015.

It is the Town's intent to start work in June. Some roads will need to wait until the Town completes drainage work in early to mid summer. The contractor will be provided with a list of roads and can route the work so as to accomplish the work in a productive manner. We intend to pave several long roads, including the remainder of Chestnut Ridge Road, the remainder of Mclain Street, and West Patent Road. These roads are not guaranteed to be in the scope.

Total Bid Amount (sum of last
column)

For questions regarding this bid, please contact Bedford DPW at (914) 666-7669

1. The Bidder declares that the unit prices bid cover all the expenses of every kind incidental to the completion of the work and the contract, therefore, including all claims that may arise for negligence or any cause whatever.
2. The total project price per ton as indicated in item 1a above shall include necessary key cuts at driveway entries and road intersections and at catch basins, manholes, gas, water, and other utility structures to meet grade of final course.

If the abovementioned key-cuts around catch basins, manholes, gas, water, and other utility structures are deemed to be inadequate to meet grade of final course, the Contractor will be expected to inform the Bedford Commissioner of Public Works of the situation. If the Bedford Commissioner of Public Works subsequently determines that risers / collars around catch basins, manholes, gas, water, and

other utility structures are needed (either in addition to, or instead of key cuts) prior to paving, he/she will notify the Contractor to provide and install the abovementioned collars/risers before road resurfacing at the work site in question begins. The unit cost for the provision and emplacement of manhole, catchbasin, water, gas and other misc. utility structure collars/risers are included in the itemized bid submission portion of this contract.

3. The Bidder further declares that he will execute the Statement of Non-Collusion attached to and forming part of this bid.
4. The Bidder further declares that he will execute a formal contract within seven (7) days of its mailing by the Town Attorney and if he fails to execute said contract, the Town Board of the Town of Bedford shall have the power to rescind said award. The Notice, Instructions, Bid, Specifications, and Statement of Non-Collusion will together form a part of said contract.
5. The undersigned declares that the only persons interested in this bid or in the contract proposed to be taken, as principals, are as stated.
6. The Town Board reserves the right to reject any or all bids submitted to it, to omit any item or items, to waive any informality in a bid or to approve minor changes in specifications if deemed advisable in the interests of the Town.
7. The Bidder further declares that he will abide by the minimum wage schedule set by the Department of Labor, as specified by this contract.
8. The Bidder agrees that the work to be performed under the contract to be awarded herein will commence within one month of notice by the Town to proceed and shall be progressed expeditiously. Paving typically occurs between June 1 and Labor Day. It is expected that work will be completed before Labor Day or as otherwise determined by the Bedford Commissioner of Public Works.
9. The Contractor will all promise that plant mixed bituminous concrete required under the proposed contract will be manufactured at the plant of:

Located at _____

In the event that the plant designated is not owned by the Bidder, said Bidder shall be required to furnish a statement from the plant owner that the bituminous concrete materials required under the contract will be furnished in accordance with the Specifications, at a rate to progress the work properly to the satisfaction of the Town of Bedford, New York. Waivers to allow the vendor to use materials provided by another asphalt plant will be considered by the Bedford Commissioner of Public Works if deemed in the Town's best interest.

TOWN OF BEDFORD
WESTCHESTER COUNTY, NEW YORK

CONTRACT

This Contract is made this day of 2016 between the **TOWN OF BEDFORD**, a domestic municipal corporation, being a town in the County of Westchester and State of New York, with offices at the Bedford Town House, 321 Bedford Road, Bedford Hills, 10507, New York, (the "Town"), and

In consideration of the mutual covenants the Town and the Contractor agree as follows:

1. The Contractor shall furnish and provide all the work and materials required to ensure that new paving surface matches into contiguous roadway intersections, driveways, sidewalk crosswalk ramps, manholes, catchbasins, and other similar utility structures and access points within the area to be paved by key-cutting at these locations prior to paving (or by shimming/building up the structures prior to paving in the event that key cuts alone will not be sufficient.) Key cuts shall be included as part of the per ton price in Items 1a of this bid. Unit prices for the provision of collars/risers to adjust manholes, catchbasins, water, gas and other misc utility structures as well as the cost to emplace asphalt driveway “aprons”) are included in the itemized bid submission portion of this contract. It is incumbent upon the Contractor to furnish all materials, transportation, tools, appliances and labor necessary to perform the abovementioned work. The Contractor is also responsible to remove from the site of the job all rubbish and surplus material which may have accumulated during the progress of the work, and to put in perfect condition for use the entire areas worked upon. That the Contractor will furnish such other and further kinds of work and materials as are necessary to, or usually performed or furnished in connection with said work, and will perform and furnish all other matters and things necessary or usual in the premises, and will finish the said work in a good, substantial and workmanlike manner, complete and perfect in every respect.

Except where expressly prohibited by higher authority or law, no part of this contract or any proceeds or payment there under shall be assigned, transferred, pledged or in any way encumbered.

2. The Contractor hereby agrees that upon the completion of the work all surplus materials and rubbish shall be removed from the whole line of the work, which shall not be considered completed until cleared to the satisfaction of the Commissioner of Public Works.

Suitable barricades and traffic control devices shall be provided by the contractor and the cost to provide traffic control devices shall be included as part of the basic per ton price in items 1a, 1b and 2 above. Barricades, signs and devices shall be provided by, set up and maintained at all times in the day and night by the contractor around all unfinished work. Please note that work is to be performed during Bedford Public Works hours of operation (Typically 7AM to 3.30 PM Monday through Friday – excepting Town observed holidays.) The Contractor must first obtain permission from the Bedford Commissioner of Public Works if paving operations are to be conducted outside of these hours at 914-666-7669. *In the event that blasting is necessary to perform any part of the work, the required permits and insurance (indicating the Town of Bedford as additional insured) will be obtained by the Contractor and a bond to be filed with the Town Clerk indemnifying the Town for any and all claims for damages that may arise by reason of said blasting operation.*

The amount of the bond is to be determined solely by the Town Attorney.

THE CONTRACTOR HEREBY FURTHER DECLARES AND AGREES AS FOLLOWS:

1. That all the work shall be of the best character, and the materials of the kinds and qualities described in the specifications, or, when not so described, of the best qualities. Hot asphalt shall be obtained by the Vendor from a plant located no further than 20 road miles from the Town of Bedford Public Works offices at 301 Adams St.

2. That the said work shall be commenced within thirty days after the notice to proceed (or as otherwise allowed by the Bedford Commissioner of Public Works) and shall thereafter be prosecuted vigorously to completion without the performance of any part thereof in unsuitable weather. The Bedford

Commissioner of Public Works reserves the right to designate exceptions to the abovementioned execution dates and to otherwise change the specified commencement date or add to or cut back on the scope of work as outlined in this contract. If there is any reason why the Contractor must change the commencement date, work scope, etc., they must first contact the Bedford Commissioner of Public Works or his designee in order to obtain permission.

3. That the Contractor will at his/her own expense, provide and furnish any and all manner of materials, labor, tools, implements and cartage of every description necessary or proper to or for the due performance of said work, and the true and faithful execution of this contract. (And will ensure subcontractors employed do the same.)

4. That the Contractor will employ as foremen, mechanics and workmen only such persons as are competent and experienced in the classes of work they may be required to do, and who shall well and properly perform the same (and will ensure subcontractors do the same.)

5. That all work of any kind which during its progress, or before the final acceptance of the whole work, shall become damaged from any cause whatsoever, shall be replaced or repaired to the satisfaction of the Commissioner of Public Works or by his/her authorized representative where the work is performed, by the Contractor at its own cost and expense (including work performed by subcontractors.)

6. That the Contractor does hereby admit, certify and agree that it is satisfied as to the accuracy of the Commissioner of Public Works approximate estimate of the quantities of the work to be done, and that they will not question, dispute or complain of such estimate, nor assert any misunderstanding or misconception of the nature and amount of materials to be furnished or work to be done.

7. That the Contractor will not ask, demand, sue for or recover any compensation for the said work except as hereinafter specified to be paid for the same by the Town.

8. The Contractor will ensure that during the entire period that said work shall be in progress, the same shall be done in such manner that no damages shall accrue, or be had, against the by reason of any

accident whatsoever arising there from or in consequence thereof (and ensure subcontractors comply accordingly.)

9. That the Contractor shall be responsible for all of the acts of agents and employees in connection with said work (as well as the acts of the subcontractors they employ.)

10. That the Contractor will at all times be liable for, and will indemnify and make good to the Town any or all damages which may accrue or be sustained by reason of the breach by the Contractor of any covenant in this Contract (and ensure the Town of Bedford is indemnified from damages committed by subcontractors they employ.)

11. The Town of Bedford, NY, in consideration of the covenants herein contained on the part of the Contractor does covenant and agree with the Contractor that if the Contractor shall faithfully perform and fulfill this contract, and keep every covenant on its part herein contained, the Town of Bedford, NY will pay to the Contractor based on the unit prices listed in the Contractor's bid.

In order to be paid, the Contractor shall submit an invoice to the Town of Bedford itemizing work that has been completed (including asphalt tonnage slips, labor, road milling, other materials such as manhole risers, etc. as itemized below.) Upon the completion of said work, and upon the processing of duly executed approved claim forms by the Town Comptroller, the sum of ninety percent (90%) of the said contract price shall be due and payable to the Contractor. Payment of subcontractors is the Contractor's responsibility. Separate invoices/bills for subcontractor work will not be paid by the Town of Bedford unless agreed to by the Commissioner of Public Works prior to the commencement of any work as specified within this contract.

12. Thirty (30) days after the final completion of the work, and on approval and acceptance of the work of the Contractor by the Commissioner of Public Works or his/her authorized representative and upon satisfactory proof being furnished to the Town Attorney by the Contractor that all charges for labor and material in connection with the work to be performed under this contract have been paid by the Contractor and that there are no rights outstanding in any person, corporation or partnership to file mechanics liens or

other claims against the Contractor for work performed by the Contractor hereunder, the Contractor or Contractors shall receive the balance of five percent of the contract price as hereinabove stated for which they agreed to perform the work.

**AND IT IS HEREBY MUTUALLY UNDERSTOOD AND AGREED BY AND BETWEEN THE
PARTIES HERETO, AS FOLLOWS:**

13. That supplemental plans or drawings (if provided by the Commissioner of Public Works) amplifying the specifications contained within this contract are intended to supplement the contract. Therefore, any matter or things contained or shown by one and not the other shall be of the same effect as if contained in or shown by both and shall be performed and finished by the said Contractor without any charge, claim or demand whatsoever.

14. That in case the said Town, or said Town Board, shall at any time during the progress of the said work, request any alteration, deviation, addition or omission in, to or upon the said work, or any detail thereof, as shown and required by the said plans or drawings and specifications, the Contractor will make each and every alteration, deviation, addition or omission so requested, and the same shall not be held to void or in any way impair this contract, but the cost and expense thereof, at a fair and reasonable valuation, to be immediately agreed upon by the said Town and the said Contractor and certified at the time in writing, shall be added to or deducted from the moneys to be paid to the Contractor under this contract, and shall be accounted for and settled by and between the respective parties; but the Town Board shall not by reason of the approval of this contract or otherwise be held to be obligated for, or required to make an appropriation to pay the increased expense caused by such alteration, addition, or omission, unless its consent thereto be obtained; nor shall the making of any such alteration, addition or omission vary the time limited for the performance of this contract, unless the days to be added to or deducted there from by reason thereof, shall be determined and certified in writing at the time by the said Town Board and the Contractor.

15. That no work shall be considered as accepted which may be defective in construction or deficient in any of the requirements of the specifications; and that the Contractor will correct any imperfect work whenever discovered before the final, completion or acceptance of the whole work (including defective work performed by subcontractors .)

16. That all material used or work done shall be subject to the inspection of the Commissioner of Public Works or his authorized representative or other duly appointed assistants and inspectors under his/her direction and if any materials are brought upon the work, or employed thereon, which the Commissioner of Public Works may deem unsuitable or inferior in quality to the requirements of the specifications, they shall be condemned and rejected, and shall be immediately removed from the work by the Contractor, and if any work shall be done which in the opinion of the Commissioner of Public Works does not conform to the specifications, it shall be taken down and rebuilt or the defects otherwise remedied to their entire satisfaction, whenever requested, and the Contractor, shall at his own cost and expense furnish the required number of men to assist in overhauling and inspecting the property. (This includes work performed by subcontractors.)

17. That inspection shall not be construed as relieving the Contractor (or subcontractors they employ) from any obligation to perform and execute the work in strict accordance with the full intent and meaning of the plans and specifications, nor shall any such inspection, direction or supervision be understood to create any relation as principal and agent between the municipal authorities and the Contractor.

18. That whenever the Commissioner of Public Works or his/her designee may give such direction to the overseer in charge, it shall have the same effect as if they were given to the Contractor in person.

19. That the Commissioner of Public Works shall have power to direct that the work be commenced and carried out at such points, and in such order of procedure as he may deem best suited to the requirements of the work and to the interest of the Town and such directions shall be obeyed by the Contractor or subcontractor so employed.

20. For its own convenience the Town of Bedford / Commissioner of Public Works, may, at any time prior to the commencement of the Term of this Agreement to void the Contract by giving unequivocal and unconditional written notice of such avoidance to the Contractor and in the event of such avoidance the Town of Bedford will not be liable to the Contractor for any claims or losses, including anticipated loss of profit and moneys expended in anticipation of performance under the Contract.

At any time subsequent to the commencement of the Term of this Agreement the Town of Bedford/ Commissioner of Public Works may, at its own convenience, terminate the Contract by giving unequivocal and unconditional written notice of such termination to the Contractor. In the event of such termination by the Town of Bedford, the Town shall be responsible to the Contractor for the following moneys only, which moneys shall be subject to legitimate charges of the Town of Bedford against the Contractor:

- a. All reasonable cost incurred by the Contractor in performance of or in anticipation of performance of the Contract provided the Contractor shall take all reasonable steps to mitigate such damages including the return and/or resale of materials ordered; and
- b. On Lump Sum projects, a markup of 10% for profit and 10% for overhead on the reasonable cost of the work that is completed and in place in accordance with the Contract Drawings and Specifications will be allowed.
- c. On unit price Contracts, allowances for profit and overhead shall be considered to have been included in each of the Contractor's original unit price Bid. The Contractor shall remain responsible for the work completed, in accordance with the Contract provisions.

Should any work under this Contract be subject to, or terminated by the action of any third party, governmental unit or court due to any ecological or other reason, the rights of the Contractor to recover from the Town of Bedford shall be determined as set forth above.

The Commissioner of Public Works / Town of Bedford may give notice in writing to the Contractor and his Surety of any material breach of the Contract by the Contractor to include but not limited to any of the following:

- a. Failure to begin the work under the Contract within the time specified.
- b. Failure to perform the work with sufficient workmen, equipment or materials to insure the prompt completion of said work.

- c. Unsuitable performance of the work or failure to perform anew such work as shall be rejected as defective and unsuitable.
- d. Neglecting or refusing to remove material rejected as defective and unsuitable.
- e. Discontinuing the suitable prosecution of the work for a period of 72 hours, excluding Sundays and holidays without prior authorization of the Bedford Commissioner of Public Works.
- f. Failure to commence discontinued work within 48 hours after notice to resume (excluding Sundays and holidays).
- g. Becoming insolvent or declared bankrupt or commits any act of bankruptcy or insolvency.
- h. Allowing a final judgment to stand against him unsatisfied for a period of ten (10) calendar days.
- i. Making any assignment for the benefit of creditors.
- j. Violating any covenants contained in the Contract Documents.
- k. Failure to eliminate unsafe conditions within 12 hours.

The Contractor or Surety within a period of ten (10) calendar days after such notice shall take all practical action to correct said material breach. Should said action fail to meet with the approval of the Bedford Commissioner of Public Works, the Town of Bedford may, at its discretion, order the Surety to complete the work or, without violating the Contract, take the prosecution of the work out of the hands of said Contractor and Surety.

The Town of Bedford may appropriate or use any or all materials and equipment on the ground as may be suitable and acceptable and may enter into an agreement, either by negotiation or public letting, for the completion of said contract according to the terms and provisions thereof, or use such other methods or combinations thereof, as in its opinion shall be required or desirable for the completion of said Contract in an acceptable manner. All costs and charges incurred by the Town of Bedford together with the cost of completing the work under Contract shall be deducted from any moneys due or which may become due said Contractor. In case such expense shall exceed the sum which would have been payable under the Contract, then the Contractor and the Surety shall be liable and shall pay to the Town of Bedford the amount of said excess.

Should the Commissioner of Public Works report to the Town Board that the Contractor (or subcontractors they employ) has refused or neglected to supply a sufficient number of workmen of proper skill, or material of the proper quality, or failed in any respect to prosecute the work with faithfulness, promptness and diligence, or has omitted to fulfill any provisions herein contained; and if the said Town Board shall be satisfied that such report is correct, it shall have the power to declare this contract to be

voided and forfeited, broken and violated by the Contractor, and the Town shall have the right and power to procure and employ other persons, by contract or otherwise, to furnish materials and perform the work required by the said plans and specifications, so as to fully execute and complete said work and to use such materials belonging to the Contractor delivered upon or in the vicinity of the work, as it may elect, and to charge the cost and expense of completing said work to the Contractor.

21. The expense so charged shall be deducted and paid by the Town out of the moneys otherwise payable according to this Contract; and in case such expense shall exceed the sum which would have become payable to the Contractor, had this Contract been fulfilled on the part of the Contractor, then the Contractor shall pay the amount of such excess to the Town, on notice that the same is due; and in case such expense shall be less than the sum which would have been payable under this Contract, if the same had been completed by the Contractor. The Contractor will be entitled to receive the difference.

22. If the work be suspended or delayed by any act or omission of the Town or because the Town does not own or has not obtained possession of, or has not the right to enter upon, the land upon which the work is to be performed, or because of any act or omission of any employee or agent of the Town, or of any other Contractor performing work for the Town, the Commissioner of Public Works shall make such an additional allowance of time for the completion of the work as he may deem proper. No allowance whatever as damages shall be made to the Contractor because of any such suspension or delays, and no claim shall be made by the Contractor on account thereof.

23. That this Contract shall not be construed or understood to release or relieve the Contractor / subcontractors from the consequence of violation of any of the Town ordinances, provided however, that the street, avenue or place where the said improvement is being made, may be used by the Contractor for the necessary prosecution of said work as required by this Contract, and in such manner as least likely to interfere with the rights or to endanger the safety of the public.

24. That the said Town shall not be required to make any payments to the Contractor while the damage sustained by the Town, in consequence of the breach of any of the covenants on the part of the

Contractor herein contained, remain un-liquidated and unpaid, and the Town shall have the right to retain and apply to its indemnification out of said contract moneys all such sums of moneys as it may be required to pay in consequence of such breach of any of the said covenants of the Contractor.

25. That the Contractor shall be responsible for the entire work until the time of its final acceptance (including work performed by subcontractors.)

26. That no certificate given or payments made under this contract shall operate as or be held to be an admission on the part of the Town that this contract or any part thereon has been complied with, or that any detail of the work has been properly performed, in case the fact shall be otherwise, or so as to preclude any action for damages against the Contractor, should the work and material hereby required not be performed and furnished in every particular in a substantial and workmanlike manner, and of good and proper quality, or should this contract not be faithfully executed in every respect.

27. Contractor shall fully comply with New York Labor Law §220. The wages and supplements to be paid and/or provided to laborers, workers and mechanics employed on a public work project shall not be less than those listed in the Prevailing Rate Schedule attached and made part of this contract as Appendix A. Contractor will submit a transcript of their original payroll record, subscribed and sworn to/affirmed as true under the penalty of perjury, to the Commissioner of Public Works within thirty (30) days of the issuance of the original payroll and every thirty (30) days thereafter. The filing of payrolls in a manner consistent with N.Y. Labor Law §220(3)(a) is a condition precedent to payment of any sums due and owing to any person for work done upon the contract.

28. The Contractor / subcontractors employed by the contractor will comply in all respects with Section 109 of the General Municipal Law of the State of New York and agree that this contract shall not be assigned, transferred, conveyed, sublet or otherwise disposed of, and that it will not assign, transfer or dispose of its right, title or interest therein or its power to execute such contract, to any other person, company or corporation, without the previous consent in writing of the said Party of the First Part, under the penalties therein expressly provided.

29. The Contractor / subcontractor employed by the contractor will comply in all respects with Section 108 of the General Municipal Law of the State of New York and agrees that it will during the life of this contract keep all employees in its employ insured as required under the provisions of the Workmen's Compensation Law, as amended, and the contract shall be null and void and of no effect unless the Contractor shall secure compensation for the benefit of and keep insured during the life of said contract such employees, in compliance with the provisions of said Workmen's Compensation Law. Appropriate Certificate of Liability Insurance Certificates shall be furnished to the Town of Bedford by the Contractor prior to commencing work as specified within this contract. The Town of Bedford shall be listed as Additional Insured on all such documents. The Contractor will ensure subcontractors they employ carry the same coverage. The Contractor will ensure Subcontractors Worker's Compensation insurance information listing the Town of Bedford as Additional Insured is also furnished to the Town prior to commencement of work as specified within this contract.

30. The Contractor represents that the bid, prior to the bid opening, was independently arrived at without collusion with any other Bidder or with any competitor or potential competitor; was not knowingly disclosed prior to the bid opening to any other Bidder, competitor or potential competitor; and that no attempt was made to induce any other person, partnership or corporation to submit or not to submit a bid.

31. This contract is subject to all the items and covenants set forth as required by the Department of Labor of the State of New York.

32. The Contractor will fully comply with all other statutes, acts, ordinances, rules and regulations applicable and having the force of law.

33. To the fullest extent permitted by law, Contractor/Subcontractor/Vendor will indemnify and hold harmless the Town of Bedford, it's officers, representatives, agents and employees from and against any and all claims, suits, liens, judgments, damages, losses and expenses, including reasonable legal fees and all court costs and liability (including statutory liability) arising in whole or in part and in any manner from injury and/or death of person or damage to or loss of any property resulting from the acts, omissions, breach

or default of Contractor/Subcontractor/Vendor, it's officers, directors, agents, employees and subcontractors, in connection with the performance of any work by or for Contractor/Subcontractor/Vendor pursuant to any contract, Purchase Order and/or related Proceed Order. Contractor/Subcontractor/Vendor will defend and bear all costs of defending any actions or proceedings brought against the Town of Bedford, their officers, representatives, agents and employees, arising in any employee of the Contractor/Subcontractor/Vendor and shall not be limited in any way by an amount or type of damage, compensations, or benefits payable under any applicable workers' compensation, disability benefits or other similar employees benefit act.

34. The Contractor/Subcontractor/Vendor hereby expressly permits the Town of Bedford to pursue and assert claims against the Contractor/Subcontractor/Vendor for indemnity, contribution and common law negligence arising out of claims for damages for death and personal injury.

35. The Contractor shall purchase and maintain insurance of the following types of coverage and limits of liability:

1) Commercial General Liability (CGL) coverage with limits of Insurance of not less than \$4,000,000 Per Occurrence/\$5,000,000 Annual Aggregate and including a Waiver of Subrogation.

a) If the CGL coverage contains a General Aggregate Limit, such General Aggregate shall apply separately to each project.

b) CGL coverage shall be written on ISO Occurrence form CG 00 011093 or a substitute form providing equivalent coverage and shall cover liability arising from premises, operations, independent contractors, product-completed operations, and personal and advertising injury, blanket contractual including injury to subcontractors employees.

c) Town of Bedford and their agents, officers, directors and employees shall be included as additional insured on the CGL, using ISO Additional Insured Endorsement CG 20 10 1185 or an endorsement providing equivalent or broader coverage to Town of Bedford and their agents, officers, directors

and employees. The coverage must be underwritten by an Insurance Company with at least 'A 7' Best rating as defined by A.M. Best. Coverage for the additional insured shall apply as Primary and Non-Contributing Insurance before any other insurance or self-insurance, include any deductible, maintained by, or provided to, the additional insured's.

d) Contractor/Subcontractor shall maintain CGL coverage for itself and all additional insured's for the duration of the project and maintain Completed Operations coverage for itself and each additional insured for at least 2 years after completion of the Work.

e) XCU may not be excluded

2) Automobile Liability

a) Business Auto Liability with limits of at least \$1,000,000 each accident.

b) Business Auto coverage must include coverage for liability arising out of all owned, leased, hired and non-owned automobiles.

c) Town of Bedford and their agents, officers, directors and employees shall be included as additional insured on the auto policy.

d) Also needs to include waiver of subrogation

3) Workers Compensation and Employers Liability and N.Y.S Disability

a) Statutory Workers' Compensation, Employers' Liability and N.Y.S. Disability Benefits Insurance for all employees.

b) Where applicable, U.S. Longshore and Harborworkers Compensation Act Endorsement shall be attached to the policy.

c) Where applicable, the Maritime Coverage Endorsement shall be attached to the policy.

d) Workers Compensation must include a waiver of subrogation.

NOTE: ACORD forms are not acceptable proof of workers compensation coverage; must provide C-105.2 and Disability to be provided on DB-120.1.

4) Property Insurance

The Contractor shall cover materials being installed onsite, in transit, and/or at any other location.

5) Owners Contractors Protective Insurance \$1,000,000 Per Occurrence/\$2,000,000. Aggregate, with the Town of Bedford as the named insured.

6) The Contractor shall not sublet any part of his work without assuming full responsibility for requiring similar insurance from his subcontractors and shall submit satisfactory evidence to that effect to the Town of Bedford. Each such insurance policy, except the Workers' Compensation and Disability policies, shall include The Town of Bedford and their agents, officers, directors and employees as an additional insured.

8) Policy shall be endorsed to provide that 30 days written notice prior to cancellation be given to the Town of Bedford. Policies that lapse and/or expire during the term of occupancy shall be re-certified and received by Town of Bedford no less than 30 days prior to cancellation or renewal.

9) Contractor acknowledges that failure to obtain such insurance on behalf of the Town of Bedford Constitutes a material breach of contract and subjects it to liability for damages, indemnification and all other legal remedies available to the Town of Bedford. The contractor/permittee is to provide the Town of Bedford with a certificate of insurance, evidencing the above requirements have been met, prior to the commencement of work or use of facilities. The failure of the Town of Bedford to object to the contents of the certificate or absence of same shall not be deemed a waiver of any and all rights held by the Town of Bedford.

36. The Contractor shall take all the necessary steps to insure the public safety and that no property damage occurs to the Town or private property while undergoing paving operations (and ensure subcontractors perform accordingly.)

37. Whenever the context requires, the gender of all words used in this Contract includes the masculine, feminine, and neuter. All references to Articles and Sections refer to articles and sections of this Contract, and all references to Attachments are to Attachments attached to this for all purposes. Captions, headings, cover pages, tables of contents and footnote instructions contained in this Contract are inserted only to facilitate reference and for convenience and in no way define, limit or describe the scope, intent or meaning of any provisions of this Contract. Words and abbreviations that have well known technical or trade meanings are used in this Contract in accordance with such recognized meanings.

38. The terms and conditions set out herein are the entire terms and conditions of this Contract and any prior or contemporaneous understandings or agreements, oral or written, are merged herein. There are no representations or warranties, agreements, or covenants other than those expressly set forth in this Contract. This Contract may be amended or modified and/or any right or obligation arising under this Contract may be waived from time to time only by a written instrument executed by the Bedford Commissioner of Public Works and the Contractor. The failure of either party at any time to enforce any of the provisions of this Contract shall not constitute a waiver of such provision.

39. (a) Contractor shall be responsible for the safety, efficiency and adequacy of its employees and any vehicles and/or machinery, equipment or materials furnished or utilized by the Contractor during the performance of Services.

(b) The Contractor shall exercise proper precautions and safety measures at all times for the protection of persons and/or property and shall be responsible for all injuries and/or damages to all persons and/or property, either on or off the site, which occur as a result of his prosecution of the work under this Contract. The safety provisions of all applicable

Local/State/Federal laws and building and construction codes shall be observed and the Contractor shall take or cause to be taken such additional safety and health measures as the Bedford Commissioner of Public Works may determine to be reasonably necessary.

(c) The Contractor shall maintain an accurate record of all cases of death, occupational disease, and injury requiring medical attention or causing loss of time from work, arising out of and in the course of employment of the work under this Contract in accordance with the requirements of the applicable State/Local/Federal regulations. The Contractor shall promptly furnish the Bedford Commissioner of Public Works with reports concerning these matters.

(d) The Contractor shall indemnify and save harmless the Commissioner of Public Works and the Town of Bedford from any and all claims for damages resulting from personal injury, death and/or property damage, suffered or alleged to have suffered, by any person as a result of any work conducted under this Contract.

The safety provisions of applicable laws, buildings and construction codes and the safety codes approved by the State Labor Commissioner shall be observed. The provisions of the Federal Occupational Safety and Health Administration's "Occupational Safety and Health Standards" and "Safety and Health Regulations for Construction" shall also be observed.

40. Any losses or other liabilities resulting from theft, damage or unauthorized use of Town of Bedford's property, by any party other than the Contractor or Subcontractors that they employ, shall be borne by the Town of Bedford.

41. Any event of Force Majeure that directly or indirectly causes a party to be unable to perform its obligations under this Contract shall not be deemed a breach of this Contract. The occurrence of such event shall suspend the obligations of the affected party for only so long as the impact of such event continues. The obligation to pay amounts due and owing shall not be suspended by such event. The party affected will use commercially reasonable efforts to mitigate the effect of the event.

42. This Contract and performance under it shall be governed by and construed in accordance with the laws of the State of New York. All claims counterclaims, disputes and other matters in question between the Town of Bedford and the Contractor, not otherwise resolved, arising out of or relating to this agreement or its breach shall be decided in a court of competent jurisdiction. The Town of Bedford and the Contractor hereby agree that there shall be no requirement for arbitration of any controversies or disputes hereunder, all such matters to be resolved at law.

43. If this Contract contains any unlawful provision, the same shall be deemed of no effect and shall, upon the application of either party, be deemed stricken from this Contract without affecting the binding force of the remainder.

IN WITNESS WHEREOF, the Town has caused its corporate seal to be hereunto affixed and these presents to be signed by its SUPERVISOR thereunto duly authorized; and the Contractor has caused its corporate seal to be hereunto affixed and these presents to be signed by its duly authorized officer, the day and year first above written.

SPECIFICATIONS

DESCRIPTION OF WORK

These specifications are designed to accomplish the work of resurfacing various streets, parking lots, and miscellaneous work, as described in the attached list within Town of Bedford.

The work to be performed under this contract shall consist of resurfacing existing pavements with asphalt concrete. The base price per ton for the application of asphalt concrete (as mentioned in items 1a of the attached itemized bid submission) shall factor in key cuts at road intersections and transitions to around structures such as manholes, catchbasins, gas and water utility access points and other comparable utility structures that lie within the work area.

In some instances the contractor also may be required to raise catch basins, manholes, water, gas and other similar utility structures in the event that key-cuts alone will not suffice to ensure an adequate transition.

Therefore, contractors are asked to provide price quotes for the provision and installation of manhole, catchbasin, water, gas and other misc. collars/risers in the itemized bid submission portion of this contract.

Similarly, the provision and application of temporary reflective yellow traffic marking tape (in 6" lengths spaced no further than 10' on center to delineate the centerlines on roads that previously had painted yellow centerline markings on them) is also listed as an item in this contract. The contractor might be asked to provide these markings on applicable roadways if needed. Therefore, contractors are asked to provide a price for this work in the event it is necessary in itemized bid submission. Other ancillary work such as traffic control devices, transport and disposal of spoils, supply of water to the pavement rolling machines, and all other affiliated items associated with the paving process are to be factored into the contractor's bid price per ton for asphalt as indicated in items 1a, 1b and 2 of the itemized bid submission.

NOTE: Unless the Commissioner of Public Works for the Town of Bedford deems otherwise, the contractor shall "key cut" all intersections of streets and abutting driveways by notching the existing pavement (the size of the particular key cuts across driveways is 2 feet wide by 1inch deep +/- and key cuts at road intersections is 6 feet wide x 2 inches deep.)

Additionally, the contractor may be required install raised asphalt driveway “aprons” (similar in construction to wide and shallow “speed humps”) at the intersections of driveways with the edge of the newly paved road in order to minimize the flow of storm water from the street onto the abutting property owner’s driveway (or to otherwise minimize puddles of storm water at these locations as a result of precipitation. Therefore, the contractor awarded this bid will be required to ensure that there is no flow of excess stormwater onto abutting property owners driveways or property as a result of their paving operations. Driveway and road intersections etc. may need to be key cut and /or have a driveway / road “apron” installed by the contractor in order to ensure there is no undue amount of storm water flow or storm water puddles onto abutting properties. Driveway Aprons are priced per lineal foot.

Joint sealer (hot asphalt concrete) shall be applied where new pavement meets old pavement. All streets shall be cleaned and key cuts, and structure edges contacting new pavement edges sprayed with a "Tack" coat prior to paving. If appropriate, keyways shall also be cut around all existing catch basins, manholes, utility structures not raised to grade to provide adequate thickness, elevation and bonding of new pavement and at intersections and where the new pavement meets old existing roadway surfaces. Joint sealer at these locations and key cuts shall be factored into the base price per ton in items 1a of the itemized bid submission portion of this contract.

The furnishing and placement shall conform to current Standard Specifications, construction and materials, according to the New York State Department of Transportation Specifications dated 2008. The Town of Bedford typically supplies municipal traffic control personnel during paving operations. Notwithstanding this fact, the Contractor is responsible for the basic maintenance and protection of traffic at all times. Therefore, it should be noted that the Contractor will be required to supply traffic control personnel in the uncommon event that Town of Bedford traffic control personnel are not available for paving operations on any given day. Therefore, Contractors are asked to provide a per-day / per-person price for the provision of traffic control personnel in this bid proposal. No vehicle traffic shall be permitted for at least 90 minutes. All other work required to complete this contract in all its scope shall be to the satisfaction of the Commissioner of Public Works. The Commissioner of Public Works will designate the order in which the streets are to be resurfaced. Emplacement of hot asphalt will not be allowed if the temperature is below 45 degrees F. or if it is raining or snowing. Unless otherwise authorized by the Commissioner of Public Works, all work must be performed between the hours of 8 AM to 3.30 PM Monday through Friday (excepting town observed holidays such as Memorial Day, Independence Day, Labor Day, Columbus Day, etc.)

Each bid shall be accompanied by a statement from the Bidder stating the location of the plant in which the asphalt concrete shall be mixed.

All work shall be guaranteed for a period of six months and maintained during that time by the Contractor without expense to the Town of Bedford and to the satisfaction of the Commissioner of Public Works.

CONTRACTOR REQUIREMENTS (detailing requirements as indicated in ITEMIZED BID SUBMISSION)

A. MATERIALS:

1. **Paving Materials** - The Asphalt Materials shall conform to New York State Department of Transportation Standard Specifications dated 2008 NYS 403.17 - Type 6F 3 Top Course, NYS 403.17 for Type W 6F 3 warm mix (as an alternate) and NYS 402-067202 polymer modified alternate 6.3 MM F2. Base course binder asphalt, if required shall meet requirements of NYS 402.12

Type 3 Asphalt Binder. Separate line items are provided in the ITEMIZED BID SUBMISSION above for each of these pavement types.

3. **Manufacture** - Mineral aggregates for the Type 3 binder and Type 6F course shall be comply with NYSDOT requirements (dated 2008). These materials shall be heated in dryers to between 275 degree F and 350 degree F and screened to graded sizes. They shall be introduced into the mixer at temperatures from 275 degree F to 325 degree F and mixed dry for at least 15 seconds to produce a homogeneous mixture in which all particles of the mineral aggregate are completely and uniformly coated with the asphalt cement. The mixer shall be a twin pug mill. Batteries of small batch mixers will not be allowed.
4. **Hauling and Depositing** - The conventional Type 6F top and Type 3 binder (i.e. asphaltic concrete) shall be delivered from mixer to pavement location in trucks with canvas covers for maintaining the heat to at least 250 degrees F. In cool weather truck bodies shall be heavily insulated. To prevent undue compacting in long hauls, partitions may be required for large truck loads. The inside surfaces of trucks shall be coated with whitewash of lime and water or a soap solution before loading. No oil is permitted for coating. The mix shall be dumped upon platforms or into the hopper of spreading machine.
5. **Laying and Finishing** - Before paving, all loose and foreign material shall be cleaned from the surface of the base course by brooming. The contract surfaces of all curbing, gutters, manholes, and adjacent pavement edges shall be painted with asphaltic material (i.e. tack coat) before placing the course.

After being dumped on platforms, the mix shall be distributed with hot shovels and raked to an even surface of a thickness that will give the required depth after compaction. When the mix is placed with a finishing machine, it shall, when rolled, have the required grade and crown and shall be free from surface depressions or irregularities. Unless otherwise authorized by the Commissioner of Public Works, the depth of any one course of plant mix shall not be greater than two inches (2") before consolidation (i.e. rolling.)

The paving of each course shall be done as continuously as practicable to reduce the number of joints.

No asphaltic materials shall be placed from October 15th to May 1st except by written permission of the Commissioner, nor when the air temperature is below 45 degrees F, nor when the foundation is damp. The Contractor shall provide thermometers for determining the temperatures of the asphalt cement and of the mix. Paving shall not be performed during periods of precipitation.

6. **Rolling** - After placing and while still hot and workable, the mix shall be rolled longitudinally beginning at the edges of the pavement and working towards the center and overlapping by one-half the rear wheel of the roller. The roller wheels shall be kept wet to prevent the asphalt from sticking. After being rolled longitudinally, the surface shall be cross rolled on diagonal lines from a tangent at one side to a tangent at the opposite side. Places inaccessible to the roller shall be compressed with hot iron tampers.

Rollers used for asphaltic courses shall be self propelled tandem rollers weighing between seven and ten tons. They shall give a compression under the rear roll of not less than 300 pounds per square inch, and shall be provided with pans which shall prevent

ashes, gasoline, oil or grease from dropping upon the pavement. One roller shall be used for each 150 square yards laid in one hour.

The surfaces of the courses shall be tested after rolling with a 16-foot straight edge laid parallel with the center line and any variations from a true line exceeding 1/4 inch shall be eliminated or the pavement re-laid. Polymer modified alternate shall be compacted in accordance with NYSDOT requirements and manufacturing plant recommendations.

7. **Joints** - Before laying hot mixtures against cooled mixtures, the existing pavement shall be cut to a true vertical line and painted with asphalt cement (i.e. tack coat.) At joints, mixtures which have cooled may be heated by mounding over with hot materials which are later removed. The heated mixture shall be raked and immediately joined with the hot mixture of the course to be laid.

B. PREPARATION OF SURFACE:

The Town will have the option of machine sweeping the streets prior to paving. However, the Contractor shall be responsible for thoroughly cleaning the pavement prior to resurfacing. A separate line item shall be included in the Vendor's price for street sweeping in the event that the town opts to use the Vendor's mechanical sweeping services. All gas and water valve boxes shall be adjusted to conform to the contour of the proposed surface by others. In the event that utility companies opt to adjust their own structures, it will be the responsibility of the Contractor to inform and coordinate with the abovementioned utility companies in order to facilitate the resetting of water and gas valve boxes or other structures in an efficient manner.

C. TACK COAT:

A tack coat shall be applied on all vertical cuts, including along curb, gutters and all structures to provide a closely bonded watertight joint. Tack coat shall be uniformly applied to the surface at the rate of 0.05 to 0.20 gallons per square yard utilizing an approved tank truck with spray bar. No hand held spray bars will be allowed. Tack coat material shall be SS-1, SS-1H, SS-K or SS-KH. Tack coat applied to all vertical cuts, including along curb, gutters and all structures mentioned above shall be included in the per ton price for items 1a, 1b, and 2 of the itemized bid submission portion of the contract.

The Commissioner of Public Works reserves the right to require the Vendor to apply a preliminary tack coat to the entire width of the roadway (as in the case of paving on top of a concrete slab road.) A separate line item for full-width tack coat is included in itemized bid submission portion of this contract for this purpose.

D. KEY - CUTS:

The Contractor shall provide pavement keys at all points where new pavement shall meet existing pavements (beginning and end at pavement sections.) The Contractor is responsible to ensure that the transition of the newly paved surface matches into the existing roadway as smoothly as practicable. Therefore, a horizontally tapered key cut no less than 3 feet wide for every inch of depth shall be required to ensure any "bump" in the roadway is minimized where the section of newly paved road needs to match into existing roadways along straight sections of road. To this end, key cuts at road intersections shall have a 6 foot width and a 2 inch depth (this excludes intersections and driveway aprons which shall be key cut in a conventional fashion.)

As previously indicated in this document, the Contractor awarded this bid is responsible to adjust driveway entry aprons as necessary in order to ensure that there will be no puddles of storm water where abutting driveways intersect the roadway that is being paved. To this end the contractor will be expected to provide key cuts in front of each driveway as needed. Driveway and Manholes, Catch Basins, Gas, Water, and Misc. utility structure key cuts should be a minimum of 2 feet wide for each 2 inches of depth. All key cuts shall be made by the contractor prior to the start actually applying asphalt to the street. The price for key cut at the abovementioned locations shall be factored in the per ton price for asphalt as mentioned in items 1a of the itemized bid submission portion of this bid document.

In the event that the Commissioner of Public Works does not deem driveway key cuts to be appropriate in front of a particular driveway entry, the contractor will be required to apply asphalt pavement along the opening of each driveway and at the sides each side of the driveway as needed to ensure stormwater on the roadway does not wash onto and erode or puddle in front of the driveway or on private property. This is commonly referred to as an asphalt "driveway apron." Driveway apron dimensions vary. For the basis of this bid it will be assumed that a typical driveway apron will be 4 feet wide and in cross section will rise in a shallow mound that is 3 inches high in the middle (similar in construction as a small, shallow "speed bump.") A price per lineal foot for driveway aprons is provided in the items portion of the itemized bid submission.

If deemed appropriate, the contractor shall furnish and install purpose manufactured collars/risers in addition to, or in place of key cuts around catch basins, manholes, and utility structures in order to ensure pre-existing utility structures are raised to the elevation of the newly paved surface. It is expected that the contractor will perform any affiliated work needed to ensure structures are appropriately elevated to meet the new pavement grade. Therefore, contractors are asked to provide a unit price to provide and install manhole, catchbasin, gas, water and other misc. utility structures in the items portion of the itemized bid submission portion of this contract.

E. MAINTENANCE AND PROTECTION OF TRAFFIC WORK:

Under this item, Contractor shall maintain traffic for the duration of the Contract and protect the traveling public from all damage to person and property within the limits of, and for the duration of the contract, all in accordance with the plans and specifications and as directed by the Commissioner of Public Works.

The Contractor shall maintain and protect traffic by so conducting his construction operations that the traveling public is subjected to a minimum of hazard and delay. In order to adequately maintain and protect traffic, Contractor shall perform the following additional minimum requirements as directed by the Commissioner of Public Works.

1. Keep the surface of the traveled way free from mounds, depressions, and obstructions of any type which could present hazards or annoyance to traffic.
2. Keep the surface of all pavements used by the public free and clean of all dirt, debris, stone, timber, or other obstructions to provide safe traveled ways.
3. A written traffic control plan must be drafted by the contractor and approved by the Department of Public Works prior to construction on any one street, if deemed appropriate by the Commissioner of Public Works.
4. Conduct his operations to insure that one-half of the roadway be opened to traffic at all times, unless approval for road closing is granted by the Commissioner of Public Works.

5. Control dust and keep the traveled way free from materials spilled from hauling and construction equipment.
6. Provide all cones, barricades, signs and warning devices as may be required, and/or as ordered by the Commissioner of Public Works to safely carry out the foregoing. All such signs and devices shall be fabricated and placed in accordance with the latest "FEDERAL MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES."
7. Two way traffic must be maintained at all times, unless otherwise authorized by the Commissioner of Public Works. The Commissioner of Public Works Typically arranges for Town of Bedford Employees to provide traffic control for Contractors during paving operations. However, on occasion a paving contractor might be asked to provide some of their employees to provide traffic control work. Therefore, Contractors are asked to provide a per day/ per person price to provide traffic control personnel in the itemized bid submission portion of this bid document.
8. The Contractor shall cover with steel plates, all open trenches at the close of each work day. Such plates shall be furnished by the Contractor and shall, if needed, abut each other and be wedged at each end of trench to prevent plates from sliding open. All catch basins, culverts, or other similar structures in or abutting the construction site shall be covered or otherwise protected by the Contractor prior to and/or during the application of pavement in order to ensure that the abovementioned structures do not become filled with asphalt or milling debris affiliated with the contractor's construction activities. In the event that the actions of the contractor or subcontractors in his/her employ result in catch basins /culverts etc. becoming filled with asphalt (or some other construction related debris), the contractor will be required to clean the abovementioned catch basins, etc. (and appropriately dispose of) the offending material to the satisfaction of the Bedford Commissioner of Public Works at his/her own expense. Failure on the part of the contractor to perform the abovementioned cleaning and appropriate disposal can result in the withholding of payment for work done until such time as the offending asphalt residue /materials / construction debris has been removed or of and appropriately disposed of by the contractor.
9. When work is to be performed fronting a driveway, the Contractor must notify the residents and inform the residents of the situation, affording them ample time to relocate any vehicle which might be rendered inoperable because of said construction. The Contractor is also responsible for emplacing temporary signs at the ends of the roadway no less than 30" x 30" in dimension indicating that road resurfacing is to occur and the date that the road work will be in progress. This shall occur at least one working day prior to the commencement of operations.
10. The Contractor will be responsible to inform the Commissioner of Public Works of all vehicles, trailers, dumpsters, etc. that need to be removed prior to and during prep work/paving operations. The Commissioner of Public Works will thereupon arrange for notifications/ towing of vehicles as necessary.

F. INGRESS AND EGRESS:

The Contractor shall provide and maintain, at all times, safe and adequate ingress and egress to and from intersecting roadways, homes, businesses, and commercial establishments at existing or at new access points, consistent with the work, unless otherwise authorized by the Commissioner of Public Works. On

roadways on which motor bus service is maintained, he shall provide suitable areas or locations for the loading and unloading of passengers. The existing pavement, at improved intersection streets, shall not be disturbed without prior consent of the Commissioner of Public Works.

G. THE CONTRACTOR'S ATTENTION IS DIRECTED TO:

1. Responsibility to meet with the Commissioner of Public Works prior to start of this work, to insure that his methods for maintaining and protecting traffic are acceptable. (This may include the submission of a written traffic control plan, if deemed appropriate by the Commissioner of Public Works.)
2. The above specifications are MINIMUM requirements only. If, upon notification by the Commissioner of Public Works, the Contractor fails to correct any unsatisfactory condition within 24-hours of being so directed, the Commissioner of Public Works will immediately proceed with adequate forces, to properly maintain the project, and the entire cost of such maintenance shall be deducted from any monies due to Contractor.

H. WITHHOLDING OF PAYMENT:

1. If the Contractor fails to maintain and protect traffic (using appropriate signs, devices, etc.) adequately and safely for a period of 24-hours, the Commissioner of Public Works shall correct the adverse conditions by any means he deems necessary from any monies due the Contractor. The cost of this work shall be in addition to the non-payment for Maintenance and Protection of Traffic listed above.
2. However, where major nonconformance with the requirements of this specifications noted by the Commissioner of Public Works, and prompt Contractor compliance is deemed not to be obtainable, all contract work may be stopped by direct order of the Commissioner of Public Works regardless of whether corrections are made by the Public Works Department as stated in the paragraph above.

I. BASIS FOR PAYMENT:

The basis payment for this item shall be calculated in accordance with the bid submission unit prices provided by the contractor in the ITEMIZED BID SUBMISSION above and accepted by the Commissioner of Public Works.

J. CUT OUT ASPHALT AROUND EXISTING CASTINGS AND OR USE OF MANHOLE, CATCH BASIN / UTILITY FIXTURE RISERS.

Under this item the Contractor shall lower the existing grade immediately surrounding existing castings to remain at their current elevation by making a "key cut." Unless otherwise stated surrounding pavement materials shall be removed to a horizontal distance of 24" and a vertical depth of 2" from the castings outer dimensions. The Town of Bedford shall specify which castings are to be cut-out. The Commissioner of Public Works may allow manhole, water, gas, utility access and catch basin risers/ collars to be used to adjust the abovementioned structure up to grade on areas that are being paved if it is deemed in the Town's best interest (the costs for the contractor to furnish and install these risers/ collars are provided for in the items of the itemized bid submission.) Key cuts made by the contractor are to be

factored into the per ton price for asphalt as noted in items 1a of the itemized bid submission portion of this contract.

K. ADJUSTMENT OF MANHOLE HEADS, UTILITY STRUCTURES AND CATCH BASINS TO GRADE

Under this item, the Contractor shall adjust the steel / cast iron heads of manholes, catch basins, and other metal utility access structures using risers that are purpose manufactured for this type of application. If the abovementioned risers are to be utilized in addition to or as an alternative to “key cutting” around utility structures, the contractor will be required to furnish and pay for them. In the event that masonry is required around utility structures, the space between the bottom of the casting and the top of the existing structures shall be completely filled with mortar. The excavation shall be backfilled using only concrete of 1:2:4 mix proposition. The top of the concrete shall meet the level of the existing surface.

The quantity to be paid for under this item shall be the number of structures properly adjusted in accordance with the specifications. The line item price bid for this item shall cover the cost of all labor and materials to properly perform the work, including the concrete for backfilling around the manhole heads, catch basin frames, utility risers, etc. as needed and provide for the necessary excavation, and the hauling of any excess excavation to the disposal site. As stated above, The Commissioner of Public Works may allow the Vendor to provide and utilize manhole and catch basin risers to adjust manholes, catch basins and other utility structures if it is deemed in the Town’s best interest. If manufactured catch basin, man hole, or utility access risers are utilized, the contractor will be required both acquire, furnish and install the abovementioned utility risers prior to the commencement of paving operations. Therefore, the contractor is asked to provide a price quote for the provision and installation of catchbasin, manhole, water, gas and other misc. utility structure risers/collars in the itemized bid submission portion of this contract.

L. ROTOMILLING

Roto-milling shall be priced by the square yard removed. This includes both full width roto-milling and Curb Line only roto-milling.

Curb Line Roto-milling (if requested by the municipality) shall include the provision of labor, material and equipment to roto-mill a strip 3’ to 6’ wide from the curb. All material to be removed by the Contractor and roadway swept clean (This includes all traffic maintenance and safe passages.)

Full width roto-milling of the entire width of the street shall include milling the surface for the pavement curb to curb as specified by the Town. The Contractor is responsible to remove all material generated by these activities and to sweep the roadway clean both during and after the roto-milling process. Traffic maintenance and safe passages are to be included. The Town of Bedford will accept grindings produced by the either curb line or full width roto-milling process at their facilities located on Crusher Road in Bedford Hills. The Contractor is responsible for the transport of these materials from the work site to the Crusher Road facility in Bedford Village and for any traffic control devices, notice, and other safety requirements that may be necessary during the course of roto-milling activities. Roto-milling activities shall take place between the hours of 8am – 3.30 pm Monday – Friday (not including town observed holidays.) unless permission is first obtained from the Commissioner of Public Works. Separate line items for shoulder and full width roto-milling are provided in the items portion of the itemized bid submission portion of this contract.

M – TEMPORARY LINE STRIPING (CENTERINE TAPE)

The Contractor may be required to emplace temporary reflective yellow traffic marking tape (6" lengths of tape no further than 10' on center) on roads that previously had yellow centerlines. Therefore, contractors are asked to provide price quotes for the provision and application of temporary centerline marking tape in the items section of itemized bid submission portion of this contract.

N – ASPHALT CURB CONSTRUCTION: If deemed necessary by the Commissioner of Public Works, the Contractor may be asked emplace asphalt curbs along the shoulders of the roadways to be paved. If curbing of this nature is deemed necessary by the Commissioner of Public Works, it shall be emplaced using a mechanical form machine that will extrude it hot and uniform. Hot mix asphalt shall be curb mix that is blended for the purpose 714.06 Curb Mix offered by Peckam Materials Corp or equivalent curb mix. The curb shall be emplaced before the top course or wearing course of the asphalt roadway is applied in order to lock the curbing in place. The final reveal of the curb after the top course is applied shall be 6" tall +/- 1". *The Commissioner of Public Works for the Town of Bedford may allow for the contractor to emplace curbing utilizing hand tools on a case by case basis if it is deemed in the best interest of the town and the contractor agrees beforehand that the price will be the same per lineal foot as is the abovementioned extruded curb.* Therefore, contractors are asked to provide price quotes for the provision and application of asphalt curbs in the items section of itemized bid submission portion of this contract.

O – ASPHALT SPOON DITCH CONSTRUCTION: *If deemed necessary by the Commissioner of Public Works for the Town of Bedford, the Contractor may be asked to emplace asphalt spoon ditches along the shoulders of the roadways to be paved in order to channel storm water sheeting off the street towards an appropriate drainage destination such as a catch basin or culvert, etc. If construction of a spoon ditch of this nature is deemed necessary by the Commissioner of Public Works, it shall be emplaced using hand tools. The asphalt utilized for this purpose is typically 6f top although exceptions can be facilitated with the permission of the commissioner of public works. Spoon ditches are semi-circular in cross section and shall have a minimum wall thickness of 3" compacted. Although the width of spoon ditches vary, pricing per lineal foot on the bid will be based on a 3 foot wide spoon ditch 18 inches in depth (i.e. a semi circular spoon ditch in cross section that is 3 feet wide and 18 inches deep (inclusive of the 3 inch thick asphalt walls.))* Therefore, contractors are asked to provide price quotes for the provision and application of asphalt spoon ditches in the items section of itemized bid submission portion of this contract.

CONDITIONS

The streets to be resurfaced shall be marked outlining the area to be covered by the Municipalities.

All streets or parking lots to be paved shall be mechanically swept by the Town of Bedford prior to resurfacing, but the responsibility for any additional hand cleaning shall be that of the paving Contractor. The cost for any additional cleaning shall be at the Contractor's expense. In the event that the Town of Bedford's mechanical street sweeper is incapacitated, contractors are asked to

provide a per-day price for the provision and operation of a mechanical street sweeper in the itemized bid submission portion of this contract.

The Municipality shall have the option to utilize a full-time inspector with the paving operation who shall have the authority to alter application rates and quantities in the field. When no instructions of change are made the Contractor shall apply a "2" course of asphalt to the existing road surface that will subsequently compact to 1 ½" depth when rolled.

The Contractor and the municipality will agree to the asphalt tonnage that will be required to pave each job site prior to the commencement of paving activities. The Contractor will not be allowed to vary the amount previously agreed to by more than 10% of the estimate without first obtaining written permission to do so from the Commissioner of Public Works. Asphalt overages in excess of the 10% of the agreed to estimate will not be paid for by the Department of Public Works unless this permission is first granted by the Commissioner of Public Works.

**STATEMENT OF NON-COLLUSION
ATTACHED TO AND FORMING A PART OF BID**

DATED _____

By submission of this bid, the Bidder and each person signing on behalf of the Bidder certifies, and in the case of a joint bid, each party thereto certifies as to its own organization, under penalty of perjury, that to the best of knowledge and belief:

- 1) The prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other Bidder or with any competitor;
- 2) Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the Bidder and will not knowingly be disclosed by the Bidder prior to opening, directly or indirectly, to any other Bidder or to any competitor; and
- 3) No attempt has been made or will be made by the Bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.

Location Roads in theTown of Bedford
Project ID# DPW1
Project Type Asphalt paving and associated work

PREVAILING WAGE SCHEDULE FOR ARTICLE 8 PUBLIC WORK PROJECT

Attached is the current schedule(s) of the prevailing wage rates and prevailing hourly supplements for the project referenced above. A unique Prevailing Wage Case Number (PRC#) has been assigned to the schedule(s) for your project.

The schedule is effective from July 2015 through June 2016. All updates, corrections, posted on the 1st business day of each month, and future copies of the annual determination are available on the Department's website www.labor.state.ny.us. Updated PDF copies of your schedule can be accessed by entering your assigned PRC# at the proper location on the website.

It is the responsibility of the contracting agency or its agent to annex and make part, the attached schedule, to the specifications for this project, when it is advertised for bids and /or to forward said schedules to the successful bidder(s), immediately upon receipt, in order to insure the proper payment of wages.

Please refer to the "General Provisions of Laws Covering Workers on Public Work Contracts" provided with this schedule, for the specific details relating to other responsibilities of the Department of Jurisdiction.

Upon completion or cancellation of this project, enter the required information and mail **OR** fax this form to the office shown at the bottom of this notice, **OR** fill out the electronic version via the NYSDOL website.

General Provisions of Laws Covering Workers on Article 8 Public Work Contracts

Introduction

The Labor Law requires public work contractors and subcontractors to pay laborers, workers, or mechanics employed in the performance of a public work contract not less than the prevailing rate of wage and supplements (fringe benefits) in the locality where the work is performed.

Responsibilities of the Department of Jurisdiction

A Department of Jurisdiction (Contracting Agency) includes a state department, agency, board or commission; a county, city, town or village; a school district, board of education or board of cooperative educational services; a sewer, water, fire, improvement and other district corporation; a public benefit corporation; and a public authority awarding a public work contract.

The Department of Jurisdiction (Contracting Agency) awarding a public work contract MUST obtain a Prevailing Rate Schedule listing the hourly rates of wages and supplements due the workers to be employed on a public work project. This schedule may be obtained by completing and forwarding a "Request for wage and Supplement Information" form (PW 39) to the Bureau of Public Work. The Prevailing Rate Schedule MUST be included in the specifications for the contract to be awarded and is deemed part of the public work contract.

Upon the awarding of the contract, the law requires that the Department of Jurisdiction (Contracting Agency) furnish the following information to the Bureau: the name and address of the contractor, the date the contract was let and the approximate dollar value of the contract. To facilitate compliance with this provision of the Labor Law, a copy of the Department's "Notice of Contract Award" form (PW 16) is provided with the original Prevailing Rate Schedule.

The Department of Jurisdiction (Contracting Agency) is required to notify the Bureau of the completion or cancellation of any public work project. The Department's PW 200 form is provided for that purpose.

Both the PW 16 and PW 200 forms are available for completion [online](#).

Hours

No laborer, worker, or mechanic in the employ of a contractor or subcontractor engaged in the performance of any public work project shall be permitted to work more than eight hours in any day or more than five days in any week, except in cases of extraordinary emergency. The contractor and the Department of Jurisdiction (Contracting Agency) may apply to the Bureau of Public Work for a dispensation permitting workers to work additional hours or days per week on a particular public work project.

There are very few exceptions to this rule. Complete information regarding these exceptions is available on the "[4 Day / 10 Hour Work Schedule](#)" form (PW 30R).

Wages and Supplements

The wages and supplements to be paid and/or provided to laborers, workers, and mechanics employed on a public work project shall be not less than those listed in the current Prevailing Rate Schedule for the locality where the work is performed. If a prime contractor on a public work project has not been provided with a Prevailing Rate Schedule, the contractor must notify the Department of Jurisdiction (Contracting Agency) who in turn must request an original Prevailing Rate Schedule form the Bureau of Public Work. Requests may be submitted by: mail to NYSDOL, Bureau of Public Work, State Office Bldg. Campus, Bldg. 12, Rm. 130, Albany, NY 12240; Fax to Bureau of Public Work (518) 485-1870; or electronically at the NYSDOL website www.labor.state.ny.us.

Upon receiving the original schedule, the Department of Jurisdiction (Contracting Agency) is REQUIRED to provide complete copies to all prime contractors who in turn MUST, by law, provide copies of all applicable county schedules to each subcontractor and obtain from each subcontractor, an affidavit certifying such schedules were received. If the original schedule expired, the contractor may obtain a copy of the new annual determination from the NYSDOL website www.labor.state.ny.us.

The Commissioner of Labor makes an annual determination of the prevailing rates. This determination is in effect from July 1st through June 30th of the following year. The annual determination is available on the NYSDOL website www.labor.state.ny.us.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. Payrolls must be maintained for at least three (3) years from the project's date of completion. At a minimum, payrolls must show the following information for each person employed on a public work project: Name, Address, Last 4 Digits of Social Security Number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid or provided, and Daily and weekly number of hours worked in each classification.

Every contractor and subcontractor shall submit to the Department of Jurisdiction (Contracting Agency), within thirty (30) days after issuance of its first payroll and every thirty (30) days thereafter, a transcript of the original payrolls, subscribed and affirmed as true under penalty of perjury. The Department of Jurisdiction (Contracting Agency) shall collect, review for facial validity, and maintain such payrolls.

In addition, the Commissioner of Labor may require contractors to furnish, with ten (10) days of a request, payroll records sworn to as their validity and accuracy for public work and private work. Payroll records include, but are not limited to time cards, work description sheets, proof that supplements were provided, cancelled payroll checks and payrolls. Failure to provide the requested information within the allotted ten (10) days will result in the withholding of up to 25% of the contract, not to exceed \$100,000.00. If the contractor or subcontractor does not maintain a place of business in New York State and the amount of the contract exceeds \$25,000.00, payroll records and certifications must be kept on the project worksite.

The prime contractor is responsible for any underpayments of prevailing wages or supplements by any subcontractor.

All contractors or their subcontractors shall provide to their subcontractors a copy of the Prevailing Rate Schedule specified in the public work contract as well as any subsequently issued schedules. A failure to provide these schedules by a contractor or subcontractor is a violation of Article 8, Section 220-a of the Labor Law.

All subcontractors engaged by a public work project contractor or its subcontractor, upon receipt of the original schedule and any subsequently issued schedules, shall provide to such contractor a verified statement attesting that the subcontractor has received the Prevailing Rate Schedule and will pay or provide the applicable rates of wages and supplements specified therein. (See NYS Labor Laws, Article 8 . Section 220-a).

Determination of Prevailing Wage and Supplement Rate Updates Applicable to All Counties

The wages and supplements contained in the annual determination become effective July 1st whether or not the new determination has been received by a given contractor. Care should be taken to review the rates for obvious errors. Any corrections should be brought to the Department's attention immediately. It is the responsibility of the public work contractor to use the proper rates. If there is a question on the proper classification to be used, please call the district office located nearest the project. Any errors in the annual determination will be corrected and posted to the NYSOL website on the first business day of each month. Contractors are responsible for paying these updated rates as well, retroactive to July 1st.

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. To the extent possible, the Department posts rates in its possession that cover periods of time beyond the July 1st to June 30th time frame covered by a particular annual determination. Rates that extend beyond that instant time period are informational ONLY and may be updated in future annual determinations that actually cover the then appropriate July 1st to June 30th time period.

Withholding of Payments

When a complaint is filed with the Commissioner of Labor alleging the failure of a contractor or subcontractor to pay or provide the prevailing wages or supplements, or when the Commissioner of Labor believes that unpaid wages or supplements may be due, payments on the public work contract shall be withheld from the prime contractor in a sufficient amount to satisfy the alleged unpaid wages and supplements, including interest and civil penalty, pending a final determination.

When the Bureau of Public Work finds that a contractor or subcontractor on a public work project failed to pay or provide the requisite prevailing wages or supplements, the Bureau is authorized by Sections 220-b and 235.2 of the Labor Law to so notify the financial officer of the Department of Jurisdiction (Contracting Agency) that awarded the public work contract. Such officer MUST then withhold or cause to be withheld from any payment due the prime contractor on account of such contract the amount indicated by the Bureau as sufficient to satisfy the unpaid wages and supplements, including interest and any civil penalty that may be assessed by the Commissioner of Labor. The withholding continues until there is a final determination of the underpayment by the Commissioner of Labor or by the court in the event a legal proceeding is instituted for review of the determination of the Commissioner of Labor.

The Department of Jurisdiction (Contracting Agency) shall comply with this order of the Commissioner of Labor or of the court with respect to the release of the funds so withheld.

Summary of Notice Posting Requirements

The current Prevailing Rate Schedule must be posted in a prominent and accessible place on the site of the public work project. The prevailing wage schedule must be encased in, or constructed of, materials capable of withstanding adverse weather conditions and be titled "PREVAILING RATE OF WAGES" in letters no smaller than two (2) inches by two (2) inches.

The "[Public Work Project](#)" notice must be posted at the beginning of the performance of every public work contract, on each job site.

Every employer providing workers. compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers. Compensation Board in a conspicuous place on the jobsite.

Every employer subject to the NYS Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers, notices furnished by the State Division of Human Rights.

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the NYS Department of Labor.

Apprentices

Employees cannot be paid apprentice rates unless they are individually registered in a program registered with the NYS Commissioner of Labor. The allowable ratio of apprentices to journeyworkers in any craft classification can be no greater than the statewide building trade ratios promulgated by the Department of Labor and included with the Prevailing Rate Schedule. An employee listed on a payroll as an apprentice who is not registered as above or is performing work outside the classification of work for which the apprentice is indentured, must be paid the prevailing journeyworker's wage rate for the classification of work the employee is actually performing.

NYSDOL Labor Law, Article 8, Section 220-3, require that only apprentices individually registered with the NYS Department of Labor may be paid apprenticeship rates on a public work project. No other Federal or State Agency of office registers apprentices in New York State.

Persons wishing to verify the apprentice registration of any person must do so in writing by mail, to the NYSDOL Office of Employability Development / Apprenticeship Training, State Office Bldg. Campus, Bldg. 12, Albany, NY 12240 or by Fax to NYSDOL Apprenticeship Training (518) 457-7154. All requests for verification must include the name and social security number of the person for whom the information is requested.

The only conclusive proof of individual apprentice registration is written verification from the NYSDOL Apprenticeship Training Albany Central office. Neither Federal nor State Apprenticeship Training offices outside of Albany can provide conclusive registration information.

It should be noted that the existence of a registered apprenticeship program is not conclusive proof that any person is registered in that program. Furthermore, the existence or possession of wallet cards, identification cards, or copies of state forms is not conclusive proof of the registration of any person as an apprentice.

Interest and Penalties

In the event that an underpayment of wages and/or supplements is found:

- Interest shall be assessed at the rate then in effect as prescribed by the Superintendent of Banks pursuant to section 14-a of the Banking Law, per annum from the date of underpayment to the date restitution is made.
- A Civil Penalty may also be assessed, not to exceed 25% of the total of wages, supplements, and interest due.

Debarment

Any contractor or subcontractor and/or its successor shall be ineligible to submit a bid on or be awarded any public work contract or subcontract with any state, municipal corporation or public body for a period of five (5) years when:

- Two (2) willful determinations have been rendered against that contractor or subcontractor and/or its successor within any consecutive six (6) year period.
- There is any willful determination that involves the falsification of payroll records or the kickback of wages or supplements.

Criminal Sanctions

Willful violations of the Prevailing Wage Law (Article 8 of the Labor Law) may be a felony punishable by fine or imprisonment of up to 15 years, or both.

Discrimination

No employee or applicant for employment may be discriminated against on account of age, race, creed, color, national origin, sex, disability or marital status.

No contractor, subcontractor nor any person acting on its behalf, shall by reason of race, creed, color, disability, sex or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates (NYS Labor Law, Article 8, Section 220-e(a)).

No contractor, subcontractor, nor any person acting on its behalf, shall in any manner, discriminate against or intimidate any employee on account of race, creed, color, disability, sex, or national origin (NYS Labor Law, Article 8, Section 220-e(b)).

The Human Rights Law also prohibits discrimination in employment because of age, marital status, or religion.

There may be deducted from the amount payable to the contractor under the contract a penalty of \$50.00 for each calendar day during which such person was discriminated against or intimidated in violation of the provision of the contract (NYS Labor Law, Article 8, Section 220-e(c)).

The contract may be cancelled or terminated by the State or municipality. All monies due or to become due thereunder may be forfeited for a second or any subsequent violation of the terms or conditions of the anti-discrimination sections of the contract (NYS Labor Law, Article 8, Section 220-e(d)).

Every employer subject to the New York State Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers notices furnished by the State Division of Human Rights.

Workers' Compensation

In accordance with Section 142 of the State Finance Law, the contractor shall maintain coverage during the life of the contract for the benefit of such employees as required by the provisions of the New York State Workers' Compensation Law.

A contractor who is awarded a public work contract must provide proof of workers' compensation coverage prior to being allowed to begin work.

The insurance policy must be issued by a company authorized to provide workers' compensation coverage in New York State. Proof of coverage must be on form C-105.2 (Certificate of Workers' Compensation Insurance) and must name this agency as a certificate holder.

If New York State coverage is added to an existing out-of-state policy, it can only be added to a policy from a company authorized to write workers' compensation coverage in this state. The coverage must be listed under item 3A of the information page.

The contractor must maintain proof that subcontractors doing work covered under this contract secured and maintained a workers' compensation policy for all employees working in New York State.

Every employer providing worker's compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Unemployment Insurance

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the New York State Department of Labor.

IMPORTANT NOTICE

FOR

CONTRACTORS & CONTRACTING AGENCIES

Social Security Numbers on Certified Payrolls

The Department of Labor is cognizant of the concerns of the potential for misuse or inadvertent disclosure of social security numbers. Identity theft is a growing problem and we are sympathetic to contractors' concerns with regard to inclusion of this information on payrolls if another identifier will suffice.

For these reasons, *the substitution of the use of the last four digits of the social security number on certified payrolls submitted to contracting agencies on public work projects is now acceptable to the Department of Labor.*

NOTE: This change does not affect the Department's ability to request and receive the entire social security number from employers during the course of its public work / prevailing wage investigations.

**To all State Departments, Agency Heads and Public Benefit Corporations
IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND**

Budget Policy & Reporting Manual

B-610

Public Work Enforcement Fund

effective date December 7, 2005

1. Purpose and Scope:

This Item describes the Public Work Enforcement Fund (the Fund, PWEF) and its relevance to State agencies and public benefit corporations engaged in construction or reconstruction contracts, maintenance and repair, and announces the recently-enacted increase to the percentage of the dollar value of such contracts that must be deposited into the Fund. This item also describes the roles of the following entities with respect to the Fund:

- New York State Department of Labor (DOL),
- The Office of the State of Comptroller (OSC), and
- State agencies and public benefit corporations.

2. Background and Statutory References:

DOL uses the Fund to enforce the State's Labor Law as it relates to contracts for construction or reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law. State agencies and public benefit corporations participating in such contracts are required to make payments to the Fund.

Chapter 511 of the Laws of 1995 (as amended by Chapter 513 of the Laws of 1997, Chapter 655 of the Laws of 1999, Chapter 376 of the Laws of 2003 and Chapter 407 of the Laws of 2005) established the Fund.

3. Procedures and Agency Responsibilities:

The Fund is supported by transfers and deposits based on the value of contracts for construction and reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law, into which all State agencies and public benefit corporations enter.

Chapter 407 of the Laws of 2005 increased the amount required to be provided to this fund to .10 of one-percent of the total cost of each such contract, to be calculated at the time agencies or public benefit corporations enter into a new contract or if a contract is amended. The provisions of this bill became effective August 2, 2005.

**To all State Departments, Agency Heads and Public Benefit Corporations
IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND**

OSC will report to DOL on all construction-related ("D") contracts approved during the month, including contract amendments, and then DOL will bill agencies the appropriate assessment monthly. An agency may then make a determination if any of the billed contracts are exempt and so note on the bill submitted back to DOL. For any instance where an agency is unsure if a contract is or is not exempt, they can call the Bureau of Public Work at the number noted below for a determination. Payment by check or journal voucher is due to DOL within thirty days from the date of the billing. DOL will verify the amounts and forward them to OSC for processing.

For those contracts which are not approved or administered by the Comptroller, monthly reports and payments for deposit into the Public Work Enforcement Fund must be provided to the Administrative Finance Bureau at the DOL within 30 days of the end of each month or on a payment schedule mutually agreed upon with DOL.

Reports should contain the following information:

- Name and billing address of State agency or public benefit corporation;
- State agency or public benefit corporation contact and phone number;
- Name and address of contractor receiving the award;
- Contract number and effective dates;
- Contract amount and PWEF assessment charge (if contract amount has been amended, reflect increase or decrease to original contract and the adjustment in the PWEF charge); and
- Brief description of the work to be performed under each contract.

Checks and Journal Vouchers, payable to the "New York State Department of Labor" should be sent to:

Department of Labor
Administrative Finance Bureau-PWEF Unit
Building 12, Room 464
State Office Campus
Albany, NY 12240

Any questions regarding billing should be directed to NYSDOL's Administrative Finance Bureau-PWEF Unit at (518) 457-3624 and any questions regarding Public Work Contracts should be directed to the Bureau of Public Work at (518) 457-5589.

Construction Industry Fair Play Act

Required Posting For Labor Law Article 25-B § 861-d

Construction industry employers must post the "Construction Industry Fair Play Act" notice in a prominent and accessible place on the job site.

Failure to post the notice can result in penalties of up to \$1,500 for a first offense and up to \$5,000 for a second offense.

The posting is included as part of this wage schedule. Additional copies may be obtained from the NYS DOL website, www.labor.ny.gov.

If you have any questions concerning the Fair Play Act, please call the State Labor Department toll-free at 1-866-435-1499 or email us at: dol.misclassified@labor.state.ny.us .

WORKER NOTIFICATION

(Labor Law §220, paragraph a of subdivision 3-a)

Effective February 24, 2008

This provision is an addition to the existing prevailing wage rate law, Labor Law §220, paragraph a of subdivision 3-a. It requires contractors and subcontractors to provide written notice to all laborers, workers or mechanics of the *prevailing wage rate* for their particular job classification *on each pay stub**. It also requires contractors and subcontractors to *post a notice* at the beginning of the performance of every public work contract *on each job site* that includes the telephone number and address for the Department of Labor and a statement informing laborers, workers or mechanics of their right to contact the Department of Labor if he/she is not receiving the proper prevailing rate of wages and/or supplements for his/her particular job classification. The required notification will be provided with each wage schedule, may be downloaded from our website www.labor.state.ny.us or made available upon request by contacting the Bureau of Public Work at 518-457-5589.

* In the event that the required information will not fit on the pay stub, an accompanying sheet or attachment of the information will suffice.

New York State Department of Labor
Bureau of Public Work

Attention Employees

THIS IS A: **PUBLIC WORK PROJECT**

If you are employed on this project as a **worker, laborer, or mechanic** you are entitled to receive the **prevailing wage and supplements rate** for the classification at which you are working.

Chapter 629 of the Labor Laws of 2007:

These wages are set by law and must be posted at the work site. They can also be found at: www.labor.ny.gov

If you feel that you have not received proper wages or benefits, please call our nearest office.*

OSHA 10-hour Construction Safety and Health Course – S1537-A

Effective July 18, 2008

This provision is an addition to the existing prevailing wage rate law, Labor Law §220, section 220-h. It requires that on all public work projects of at least \$250,000.00, all laborers, workers and mechanics working on the site, be certified as having successfully completed the OSHA 10-hour construction safety and health course. It further requires that the advertised bids and contracts for every public work contract of at least \$250,000.00, contain a provision of this requirement.

NOTE: The OSHA 10 Legislation only applies to workers on a public work project that are required, under Article 8, to receive the prevailing wage.

Where to find OSHA 10-hour Construction Course

Requirements for OSHA 10 Compliance

Chapter 282 of the Laws of 2007, codified as Labor Law 220-h took effect on July 18, 2008. The statute provides as follows:

The advertised specifications for every contract for public work of \$250,000.00 or more must contain a provision requiring that every worker employed in the performance of a public work contract shall be certified as having completed an OSHA 10 safety training course. The clear intent of this provision is to require that all employees of public work contractors, required to be paid prevailing rates, receive such training “prior to the performing any work on the project.”

The Bureau will enforce the statute as follows:

All contractors and sub contractors must attach a copy of proof of completion of the OSHA 10 course to the first certified payroll submitted to the contracting agency and on each succeeding payroll where any new or additional employee is first listed.

Proof of completion may include but is not limited to:

- Copies of bona fide course completion card (*Note: Completion cards do not have an expiration date.*)
- Training roster, attendance record of other documentation from the certified trainer pending the issuance of the card.
- Other valid proof

**A certification by the employer attesting that all employees have completed such a course is not sufficient proof that the course has been completed.

Any questions regarding this statute may be directed to the New York State Department of Labor, Bureau of Public Work at 518-485-5696.

WICKS Reform 2008

(For all contracts advertised or solicited for bid on or after 7/1/08)

- Raises the threshold for public work projects subject to the Wicks Law requiring separate specifications and bidding for the plumbing, heating and electrical work. The total project's threshold would increase from \$50,000 to: \$3 million in Bronx, Kings, New York, Queens and Richmond counties; \$1.5 million in Nassau, Suffolk and Westchester counties; and \$500,000 in all other counties.
- For projects below the monetary threshold, bidders must submit a sealed list naming each subcontractor for the plumbing, HVAC and electrical work and the amount to be paid to each. The list may not be changed unless the public owner finds a legitimate construction need, including a change in specifications or costs or use of a Project Labor Agreement (PLA), and must be open to public inspection.
- Allows the state and local agencies and authorities to waive the Wicks Law and use a PLA if it will provide the best work at the lowest possible price. If a PLA is used, all contractors shall participate in apprentice training programs in the trades of work it employs that have been approved by the Department of Labor (DOL) for not less than three years. They shall also have at least one graduate in the last three years and use affirmative efforts to retain minority apprentices. PLA's would be exempt from Wicks, but deemed to be public work subject to prevailing wage enforcement.
- The Commissioner of Labor shall have the power to enforce separate specification requirements on projects, and may issue stop-bid orders against public owners for non-compliance.
- Other new monetary thresholds, and similar sealed bidding for non-Wicks projects, would apply to certain public authorities including municipal housing authorities, NYC Construction Fund, Yonkers Educational Construction Fund, NYC Municipal Water Finance Authority, Buffalo Municipal Water Finance Authority, Westchester County Health Care Association, Nassau County Health Care Corp., Clifton-Fine Health Care Corp., Erie County Medical Center Corp., NYC Solid Waste Management Facilities, and the Dormitory Authority.
- Reduces from 15 to 7 days the period in which contractors must pay subcontractors.

IMPORTANT INFORMATION

Regarding Use of Form PW30R

“Employer Registration for Use of 4 Day / 10 Hour Work Schedule”

To use the ‘4 Day / 10 Hour Work Schedule’:

There **MUST** be a *Dispensation of Hours (PW30)* in place on the project

AND

You **MUST** register your intent to work 4 / 10 hour days, by completing the PW30R Form.

REMEMBER...

The ‘4 Day / 10 Hour Work Schedule’ applies **ONLY** to Job Classifications and Counties listed on the PW30R Form.

Do not write in any additional Classifications or Counties.

(Please note : For each Job Classification check the individual wage schedule for specific details regarding their 4/10 hour day posting.)

Instructions for Completing Form PW30R

“Employer Registration for Use of 4 Day / 10 Hour Work Schedule”

Before completing Form PW30R check to be sure ...

- There is a *Dispensation of Hours* in place on the project.
- The 4 Day / 10 Hour Work Schedule applies to the Job Classifications you will be using.
- The 4 Day / 10 Hour Work Schedule applies to the County / Counties where the work will take place.

Instructions (Type or Print legibly):

Contractor Information:

- Enter the Legal Name of the business, FEIN, Street Address, City, State, Zip Code; the Company’s Phone and Fax numbers; and the Company’s email address (if applicable)
- Enter the Name of a Contact Person for the Company along with their Phone and Fax numbers, and the personal email address (if applicable)

Project Information:

- Enter the Prevailing Rate Case number (PRC#) assigned to this project
- Enter the Project Name / Type (i.e. Smithtown CSD – Replacement of HS Roof)
- Enter the Exact Location of Project (i.e. Smithtown HS, 143 County Route #2, Smithtown, NY; Bldgs. 1 & 2)
- If you are a Subcontractor, enter the name of the Prime Contractor for which you work
- On the Checklist of Job Classifications -
 - Go to pages 2 and 3 of the form
 - Place a checkmark in the box to the right of the Job Classification you are choosing
 - Mark all Job Classifications that apply

****Do not write in any additional Classifications or Counties.****

Requestor Information:

- Enter the name of the person submitting the registration, their title with the company , and the date the registration is filled out

Return Completed Form:

- **Mail** the completed PW30R form (3 pages) to: NYSDOL Bureau of Public Work, SOBC – Bldg.12 – Rm.130, Albany, NY 12240 **-OR-**
- **Fax** the completed PW30R form (3 pages) to: NYSDOL Bureau of Public Work at (518)485-1870

Introduction to the Prevailing Rate Schedule

Information About Prevailing Rate Schedule

This information is provided to assist you in the interpretation of particular requirements for each classification of worker contained in the attached Schedule of Prevailing Rates.

Classification

It is the duty of the Commissioner of Labor to make the proper classification of workers taking into account whether the work is heavy and highway, building, sewer and water, tunnel work, or residential, and to make a determination of wages and supplements to be paid or provided. It is the responsibility of the public work contractor to use the proper rate. If there is a question on the proper classification to be used, please call the district office located nearest the project. District office locations and phone numbers are listed below.

Prevailing Wage Schedules are issued separately for "General Construction Projects" and "Residential Construction Projects" on a county-by-county basis.

General Construction Rates apply to projects such as: Buildings, Heavy & Highway, and Tunnel and Water & Sewer rates.

Residential Construction Rates generally apply to construction, reconstruction, repair, alteration, or demolition of one family, two family, row housing, or rental type units intended for residential use.

Some rates listed in the Residential Construction Rate Schedule have a very limited applicability listed along with the rate. Rates for occupations or locations not shown on the residential schedule must be obtained from the General Construction Rate Schedule. Please contact the local Bureau of Public Work office before using Residential Rate Schedules, to ensure that the project meets the required criteria.

Paid Holidays

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

Overtime

At a minimum, all work performed on a public work project in excess of eight hours in any one day or more than five days in any workweek is overtime. However, the specific overtime requirements for each trade or occupation on a public work project may differ. Specific overtime requirements for each trade or occupation are contained in the prevailing rate schedules.

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays.

The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Supplemental Benefits

Particular attention should be given to the supplemental benefit requirements. In most cases the payment or provision of supplements is for each hour worked (noted in the schedule as 'Per hour worked'). Some classifications require the payment or provision of supplements for each hour paid (noted in the schedule as 'Per hour paid'), which require supplements to be paid or provided at a premium rate for premium hours worked. Some classifications may also require the payment or provision of supplements for paid holidays on which no work is performed.

Effective Dates

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. The rate listed is valid until the next effective rate change or until the new annual determination which takes effect on July 1 of each year. All contractors and subcontractors are required to pay the current prevailing rates of wages and supplements. If you have any questions please contact the Bureau of Public Work or visit the New York State Department of Labor website (www.labor.state.ny.us) for current wage rate information.

Apprentice Training Ratios

The following are the allowable ratios of registered Apprentices to Journey-workers.

For example, the ratio 1:1,1:3 indicates the allowable initial ratio is one Apprentice to one Journeyworker. The Journeyworker must be in place on the project before an Apprentice is allowed. Then three additional Journeyworkers are needed before a second Apprentice is allowed. The last ratio repeats indefinitely. Therefore, three more Journeyworkers must be present before a third Apprentice can be hired, and so on.

Please call Apprentice Training Central Office at (518) 457-6820 if you have any questions.

Title (Trade)	Ratio
Boilermaker (Construction)	1:1,1:4
Boilermaker (Shop)	1:1,1:3
Carpenter (Bldg.,H&H, Pile Driver/Dockbuilder)	1:1,1:4
Carpenter (Residential)	1:1,1:3

Electrical (Outside) Lineman	1:1,1:2
Electrician (Inside)	1:1,1:3
Elevator/Escalator Construction & Modernizer	1:1,1:2
Glazier	1:1,1:3
Insulation & Asbestos Worker	1:1,1:3
Iron Worker	1:1,1:4
Laborer	1:1,1:3
Mason	1:1,1:4
Millwright	1:1,1:4
Op Engineer	1:1,1:5
Painter	1:1,1:3
Plumber & Steamfitter	1:1,1:3
Roofer	1:1,1:2
Sheet Metal Worker	1:1,1:3
Sprinkler Fitter	1:1,1:2

- (S) Two and one half times the hourly rate for Holidays, if worked

- (S1) Two and one half times the hourly rate the first 8 hours on Sunday or Holidays One and one half times the hourly rate all additional hours.
- (T) Triple the hourly rate for Holidays, if worked
- (U) Four times the hourly rate for Holidays, if worked
- (V) Including benefits at SAME PREMIUM as shown for overtime
- (W) Time and one half for benefits on all overtime hours.

Holiday Codes

PAID Holidays:

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

OVERTIME Holiday Pay:

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays. The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Following is an explanation of the code(s) listed in the HOLIDAY section of each classification contained in the attached schedule. The Holidays as listed below are to be paid at the wage rates at which the employee is normally classified.

- (1) None
- (2) Labor Day
- (3) Memorial Day and Labor Day
- (4) Memorial Day and July 4th
- (5) Memorial Day, July 4th, and Labor Day
- (6) New Year's, Thanksgiving, and Christmas
- (7) Lincoln's Birthday, Washington's Birthday, and Veterans Day
- (8) Good Friday
- (9) Lincoln's Birthday
- (10) Washington's Birthday
- (11) Columbus Day
- (12) Election Day
- (13) Presidential Election Day
- (14) 1/2 Day on Presidential Election Day
- (15) Veterans Day
- (16) Day after Thanksgiving
- (17) July 4th
- (18) 1/2 Day before Christmas
- (19) 1/2 Day before New Years
- (20) Thanksgiving
- (21) New Year's Day
- (22) Christmas
- (23) Day before Christmas
- (24) Day before New Year's
- (25) Presidents' Day
- (26) Martin Luther King, Jr. Day
- (27) Memorial Day

NEW YORK STATE DEPARTMENT OF LABOR
Bureau of Public Work - Debarment List

**LIST OF EMPLOYERS INELIGIBLE TO BID ON OR BE
AWARDED ANY PUBLIC WORK CONTRACT**

Under Article 8 and Article 9 of the NYS Labor Law, a contractor, sub-contractor and/or its successor shall be debarred and ineligible to submit a bid on or be awarded any public work or public building service contract/sub-contract with the state, any municipal corporation or public body for a period of five (5) years from the date of debarment when:

- Two (2) final determinations have been rendered within any consecutive six-year (6) period determining that such contractor, sub-contractor and/or its successor has WILLFULLY failed to pay the prevailing wage and/or supplements
- One (1) final determination involves falsification of payroll records or the kickback of wages and/or supplements

NOTE: The agency issuing the determination and providing the information, is denoted under the heading 'Fiscal Officer'. DOL = NYS Dept. of Labor; NYC = New York City Comptroller's Office; AG = NYS Attorney General's Office; DA = County District Attorney's Office.

A list of those barred from bidding, or being awarded, any public work contract or subcontract with the State, under section 141-b of the Workers' Compensation Law, may be obtained at the following link, on the NYS DOL Website:

<https://dbr.labor.state.ny.us/EDList/searchPage.do>
