Re: Wilder Balter Residential Development
Adjournment of April 28, 2015 Public Hearing

Dear Chairwoman Courtney-Batson:

Wilder Balter Partners, Inc. is formally requesting that tonight's public hearing on our proposed conservation development plan DEIS scope be adjourned.

Yesterday we received copies of a great deal of additional correspondence relating to our proposed development. In view of the content thereof and other factors, at this point in time we are evaluating whether to continue pursuing approval of our project as proposed. We therefore believe that it would be in everyone's best interests if we adjourn the public hearing scheduled for tonight.

Thank you.

Sincerely,

William G. Balter
President
