**Re: Public notice to all residents regarding Road Paving in Bedford NY from
Wed. July 20, 2016 to Fri. July 22 2016.**

The Town of Bedford plans on three days of road paving. Work will begin Wed. July 20, 2016 and last through Fri. July 22, 2016 (inclusive.) Roads to be paved at this time include:

**Orchard Lane
West Patent Road
McLain St. from Barker to the Springhurst / West Patent intersection**

Commuters could experience temporary disruptions to traffic and access as paving operations commence. Residents are asked to refrain from parking on these streets as paving proceeds. The precise scheduling of work depends upon weather conditions and the proper operation of paving equipment. Therefore your patience and understanding are appreciated.

The Public Works Department will also be paving a parking lot on Railroad Ave that is located a few hundred feet West of Exit 42 to the Saw Mill River Parkway ramp. Although paving will be off the road, there may be construction vehicles and equipment that may temporarily impede the flow of traffic on Rail Road Ave at this location from time to time.

If you have any further questions regarding this matter, please feel free to contact Bedford Public Works Department at 914-666-7669.
