Katonah Museum of Art

Summer Exhibit: OnSite Katonah, July 10 – October 2. *OnSite Katonah* presents experimental, site-specific installations created in response to the Katonah Museum of Art's distinctive

landscape, architecture, and history. With projects boldly immersive and keenly subtle, artists investigate and reimagine every facet of the KMA's location. Installations occupy the light-filled Sally and Volney Righter and Mary L. Beitzel Galleries; the Marilyn M. Simpson Sculpture Garden, with its towering Norwegian spruce trees; and the sloping greens of the Front and South lawns. These artistic interventions into our site transform the Museum's physical space—which so deeply impacts the KMA's institutional identity—into a platform for creative experimentation. Artists include **Grimanesa Amoros, Amy Brener, MaDora Frey, Keiran Brennan Hinton, Caitlin Masley, Caleb Nussear, Jason Peters, and Rachel Mica Weiss**. More information at <http://www.katonahmuseum.org/exhibitions/upcoming/>.

Egg by Victoria Fu, July 10 – October 2. Los Angeles-based artist **Victoria Fu** employs analogue and digital techniques to explore the impact of virtual aesthetics on the everyday human experience. While Fu typically works in film, light-projection, and photography, for the KMA she will create a site-specific building wrap, covering the Museum's front façade with one of her enigmatic, unexpected images. Fu's work was featured in the 2014 Whitney Biennial and she is a recipient of the prestigious 2015 Guggenheim Foundation Fellowship. *Egg* will mark the artist's first solo project on such a monumental scale. More information at <http://www.katonahmuseum.org/exhibitions/upcoming/>.

Matisse Drawings: Curated By Ellsworth Kelly, October 23 – January 29, 2017. Matisse Drawings: Curated by Ellsworth Kelly is a unique exploration of Matisse's drawings by one of America's greatest abstract artists. Conceived with an artist's eye, the exhibition illuminates the French master's work in a new way, while also providing a rare opportunity to view a body of work from the outstanding private collection of the Pierre and Tana Matisse Foundation. Kelly surveys Matisse's drawings from 1900 through 1950, from quick sketches to finished drawings, and reveals Matisse's process, along with the range of his creativity as a draughtsman. To accompany Matisse Drawings, Kelly also selected work from his own Suite of Plant Lithographs (1965-66) to be shown in an adjacent gallery. As Kelly reflects on Matisse's and his own explorations of line, the coupling suggests both the sympathies and distinct differences between the two artists. The entire exhibition conceived by Kelly, from frame choice to placement of works includes 45 drawings by Matisse, as well as Kelly's large-scale botanical lithographs. This is

among the last exhibitions on which Kelly worked before his death (December 27, 2015). More information at <http://www.katonahmuseum.org/exhibitions/upcoming/>.
