**Great Decisions: The European Union**, 10:00 AM, Great Decisions welcomes guests and new members for a lively and informative discussion about The European Union. From a basic commodities trade agreement among six former antagonists in the chaotic aftermath of WW2, it has evolved into a 28-member continental political and economic Union. But it is also a complex, bureaucratic organization that challenges traditional concepts of nation-state independence. It is difficult to understand, even at time for its members and many of their citizens. We will talk about what it is, how it functions, and how it is likely to respond to challenges, including Britain's leaving and new candidates eager to join. Can the Euro survive? Is it possible to have a single currency for the diverse members of the continent? What will the EU look like without Britain? Is it still moving toward becoming a United States of Europe? Join us for an open, constructive, and non-partisan discussion! For more information, please visit <http://www.bedfordny.com/greatdecisions/>

For the spring, the oratorio society is excited to present Bach's St. John Passion, at the South Salem Presbyterian Church on Sunday afternoon, May 7, 2017. Rehearsals are Tuesday evenings from 7:00 to 9:15 PM at the beautifully renovated, well-lit, and climate-controlled Garden Room at the Katonah Library, which features a Steinway C piano and is just a short walk from the Metro North station. [Matisse Drawings: Curated by Ellsworth Kelly from The Pierre and Tana Matisse Foundation Collection](#)

October 23, 2016 – January 29, 2017

[Opening Reception: Saturday, October 22, 4-8PM](#)

*Matisse Drawings: Curated by Ellsworth Kelly from The Pierre and Tana Matisse Foundation Collection*, a unique exploration of Henri Matisse's drawings by one of America's greatest abstract artists, provides new insight into the French master's work. For this special exhibition, Ellsworth Kelly surveyed Matisse's drawings from 1900 through 1950, revealing Matisse's process and the range of his creativity as a draughtsman. Many of the 45 works on view, from quick sketches to highly detailed images, have rarely or never-before been exhibited. To accompany this display, Kelly selected work from his own large-scale *Suite of Plant Lithographs* (1964–66) for presentation in an adjacent gallery, illuminating both the sympathies and distinct differences between the two artists. The entire installation, including frame choice and placement of works, was conceived by Kelly, and this is among the last exhibitions on which he worked before his death (December 27, 2015). In his tribute to Kelly, Jerry Saltz described him as "the artist I now think of as the American Matisse."

### **KATONAH MUSEUM OF ART**

**Matisse Drawings: Curated By Ellsworth Kelly**, October 23 – January 29, 2017. Matisse Drawings: Curated by Ellsworth Kelly is a unique exploration of Matisse's drawings by one of America's greatest abstract artists. Conceived with an artist's eye, the exhibition illuminates the French master's work in a new way, while also providing a rare opportunity to view a body of work from the outstanding private collection of the Pierre and Tana Matisse Foundation. Kelly surveys Matisse's drawings from 1900 through 1950, from quick sketches to finished drawings, and reveals Matisse's process, along with the range of his creativity as a draughtsman. To accompany Matisse Drawings, Kelly also selected work from his own Suite of Plant Lithographs (1965-66) to be shown in an adjacent gallery. As Kelly reflects on Matisse's and his own explorations of line, the coupling suggests both the sympathies and distinct differences between the two artists. The entire exhibition conceived by Kelly, from frame choice to placement of works includes 45 drawings by Matisse, as well as Kelly's large-scale botanical lithographs. This is among the last exhibitions on which Kelly worked before his death (December 27, 2015). More information at <http://www.katonahmuseum.org/exhibitions/upcoming/>.
